Here's Real Help In Avoiding Many Miserable Colds

Unique Medication Designed to Aid Nature's Defenses in Nose and Throat, Where Most Colds Start.

PROVED IN USE BY MILLIONS

In the exclusive formula of Vicks Va-tro-nol has been found a unique and successful aid in preventing many colds—winter's threat to our comfort and health.

Va-tro-nol is especially designed for the nose and upper throat—where most colds start. It aids and stimulates the functions provided by Nature—in the nose—to prevent colds, and to throw off head colds in the early stages. Used in time—at the first nasal irritation, sniffle, or sneeze—just a few drops up each nostril—Va-tro-nol helps to avoid many colds.

Where irritation has led to a clogged-up nose (a stuffy head cold or nasal catarrh) Va-tro-nol reduces swollen membranes—clears clogging mucus—brings comforting relief.

For Fever and Shorter Colds

Note to mothers—who guard the family's health: Vicks has developed, especially for you, a practical Plan for Better Home Control of Colds. This guide to fewer and shorter colds has been clinically tested by practicing physicians and further proved in everyday home use by millions. Full details of Vicks Plan in each Va-tro-nol package.

Find Out From Your Doctor if the "Pain" Remedy You Take is SAFE

Don't Entrust Your Own or Your Family's Well-Being to Unknown Preparations.

BEFORE you take any preparation you don't know all about, for the relief of headaches; or the pains of rheumatism, neuritis or neuralgia, ask your doctor what he thinks about it—in comparison with "Aspirin."

We say this because, before the discovery of "Aspirin," most so-called "pain" remedies were advised against by physicians as being bad for the stomach; or, often, for the heart. And the discovery of "Aspirin" largely changed medical practice.

Countless thousands of people who have taken "Aspirin" year in and out without ill effect, have proved that the medical findings about its safety were correct.

Remember this: "Aspirin" is rated among the fastest methods yet discovered for the relief of headaches and all common pains... and safe for the average person to take regularly.

"Aspirin" Tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited. Look for the name Bayer in the form of a cross on every tablet.
