THE HORNBY SCHEME

Brigadier General Hornby has worked out a scheme of land settlement which seems to be the best settlement plan yet produced for the placing of British families on the land in this country. It has a number of points in its favor. It plans to give the new settler that training on the ground that could be secured in no other way. It protects the country against having the settlers desert the land by providing that, if not satisfied, they shall be returned to their native land after giving the plan a trial. It does away with that isolation which is often so hard for the new settler to bear. It provides for adequate supervision during the early days of settlement and the proposed settlements are all in the neighborhood of markets at which the produce can be sold. No former plan has provided for these features. The plan provides for continuous operation, new settlers taking the place of the old on the training farms as often as they are vacated.

The success or failure of the plan will depend on the type of men appointed to have charge of it and the faithful carrying out of the duties without too much overhead cost for general supervision. It certainly seems worth a trial.

BRAVERY OF LOCAL LADY

The bravery of Mrs. W. E. Burrill, who went to her death two days ago when the West Vancouver ferry was run down by a passing steamship, is worthy of more than passing comment. The lady was well known to a great many Prince Rupert people to whom she was neighbor for many years. It was a tragic end but it was beatified by the unselfishness of the victim who urged the captain of the boat to save himself rather than continue his efforts to rescue her. The thought of her wonderful self-possession and composure under such trying circumstances will be an inspiration and a happy memory.

IS KILLED BY GUNMEN

Machine Gun Bullets End Career Of Thomas Molloy, Chicago's Moving Picture Leader

CHICAGO, Feb. 6:—Machine gun bullets Monday ended the career of Thomas E. Molloy, Chicago's moving picture union dictator under whose regime there has been much violence, discord and disorder. The gunmen fled after their fire had virtually decapitated Molloy as he rode in an automobile, having been out for fresh air following a recent illness. A woman dentist, Molloy's companion, was injured by bullets.

Ladder Maker Was Left-Handed And Rough Carpenter

FLEMINGTON, N.J., Feb. 6:—An expert witness for the defence testified yesterday at the trial of Bruno Richard Hauptmann, charged with the kidnap-murder of baby Charles Augustus Lindbergh jr., that the ladder found at the Lindbergh home after the removal of the baby had been made by a left-handed person and one who was evidently not used to carpenter work. Hauptmann, it was contended, is an expert carpenter and is right-handed.

1/2 tablespoon butter, 1/2 tablespoon flour, 1/2 teaspoon salt, 1/2 teaspoon pepper, 1/2 cup St. Charles Milk, 1/2 cup water

Melt the butter in top of double boiler. Add flour and seasonings, blend well and pour in gradually the milk diluted with water, stirring constantly until the mixture is smooth and thick. Continue to cook fifteen minutes in the double boiler.
