THE BIG CELEBRATION

The King's Jubilee celebration was a great event in Prince Rupert. The whole population of the city gathered at the various events and took part with a heartiness which did the heart good to watch. Arrangements were excellently made by a very able committee and the weather Victor Emmanuel of Italy. King was all that could be desired for a May day. Could the Haakon of Norway, King Gustav of King have been present he would have most certainly King George's accession. heen pleased to see his loyal subjects enjoying such an event carried out in his honor.

SHOCK TO COMMUNITY

Seldom have Prince Rupert people been shocked so severely as they were on Saturday when they received the news of the death under tragic circumstances of Peter! was a young man of whom the people here expected much.

As a student he excelled most others and bin in the Central Hotel. He Black, son of Mrs. Peter Black of the Central Hotel. He As a student he excelled most others and his death is a loss to the scientific world where he had already commenced to make his mark.

BE NOT SADDENED

Professor Ira Dilworth, when addressing the teachers recently in Victoria, said: "No thinking man, no sensitive man, can be alive today and not feel his heart bewildered and saddened by the things around him." He was speaking as a poet discussing contemporary poetry. We are sorry for Mr. Dilworth.

Of course we are all rather bewildered by the changes that are taking place, not only in conditions but in the general trend of affairs. Nations seem as bewildered as do individuals. Evidently there is nothing static. Everyone and everything is moving and he who does not keep pace with the times is lost.

But Mr. Dilworth suggests that we should all be saddened. Not so! Let us rather rejoice that the world is changing. Those who may be saddened are the extremely wealthy who see the insecurity of their wealth. The mass of the people, however, will see nothing but good in the unrest that surrounds us and by which we are bound to be affected. Troublous times they are, we grant but, withal, joyful times. We are in the throes of a new birth from which will spring a new world, a better world, a more joyous world, a world in which there will be less poverty, less drudgery, less suffering, less degradation. Everything points to it. While the change is going on there will be a certain amount of suffering as in the birth of a new child. In order that life may not seem to be a failure, let us adjust ourselves to the changing conditions, not weep over the changes. It is for the leaders of our day to make the adjustments in such a manner as to bring about the desired results with as little inconvenience and suffering as possible. But above all, we must move forward. Sadness there may be, but only among those who try to stem the tide of progress.

SUNNY LIVING starts at the table

How you feel and how you look depend largely on the foods you eas. The balanced menu provides the "bulk" to prevent common constipation - caused by lack of this essential fiber.

Common constipation frequently causes headaches, loss of appetite and energy. Yet, in most cases, it can be overcome pleasantly and safely by eating a delicious cereal.

Kellogg's ALL-BRAN is a netural food for normal individuals. It furnishes "bulk" in convenient and concentrated form. ALL-BRAN also provides vitamin B and iron.

Isn't this sunny way better than taking patent medicines? Two tablespoonfuls of ALL-BRAN daily are usually sufficient. Chronic cases, with each meal. If relief is not obtained, see your doctor. Serve ALL-BRAN as a cereal, or use

in cooking. Get the red-and-green package at your grocer's. Made by Kellogg in London, Ontario.

There is more than a suspicion that the Stevens' investigation is simply a strategem to extort party funds from wealthy corporations under threat of exposure and still are similar scandals-in-power.
