So fast does the puck whizz to and fro during a professional ice hockey game, that sometimes the spectators are completely at sea. It's called the world's fastest game and it takes the magic eye, the world's fastest camera to record the hair-trigger action. This remarkable series was made during the seasonal debut of New York Americans in which they lost 6-0 to the "Flying Frenchmen" of Montreal-Les Canadiens. 1.-Monsieur Joliat, Canadian winger, approaches the Amerks goal, guarded by Worters. He pretends to shoot but it is only a feint, designed to draw Worters from his cage. It works and . . . 2.—Worters makes a lunge for the puck only to have Joliat send it spinning goalward through the air. Worters loses his stock in the bargain. 3.—Now Murray of the Amerks makes a grandstand stab and manages to deflect the puck, just as it was about to enter the net. 4.—Murray has saved the day. Now he is trying to retrieve the puck. 5.— His momentum carries him past it. Worters all this time (really only a fraction, of a second), remains sprawled on the ice. 6.—And now another country is heard from. Lesieur seems to come from nowhere. Finding the goal unguarded he makes an easy goal for Les Canadiens. The feint, the hairpin save, and the goal, following on each others' heels, came in the twinkling of an eye -too fast to be realized by many spectators.

America's Cup

British Interests May After All Comply With Regulations Governing Type Of Ship

NEW YORK, Nov. 27:-It appears likely now that there will be a race next year for the America's Cup. British interests had considered building a ship and game with Edmonton Eskimos. bringing it over in an attempt to lift the coveted yachting trophy ley, who arrived recently to join but latest word is that they are the team, will take his place. now prepared to build a boat of the "J" class which is required lunder the rules of the competition. The challenger will again be Commander T. O. M. Sopwith who came within an ace of lifting the trophy two years ago.

Energy from COD LIVER OIL depends upon digestion

Scott's Emulsion is Cod Liver Oil prepared for easy digestion. The Cod Liver Oil in Scott's Emulsion is four to five times more quickly digested than plain Cod Liver Oil; that is why Scott's Emulsion gives so much more energy and builds up body and bone so much faster than plain Cod Liver Oil.
