LOVES TO EAT THIS CEREAL, IT CHECKED HER CONSTIPATION*

Kellogg's ALL-BRAN Helped Miss Kesterke

We quote from her letter: "Three years ago, I became constipated.* I tried many laxatives. But as soon as I got used to each kind, I began to get the same trouble.

"Last summer I was on my vacation. They served Kellogg's ALL-BRAN. I just loved it. I eat Kellogg's ALL-BRAN every morning, and ever since I have not had to take any more laxatives."—Miss Margaret Kesterke. Address on request.

*Due to insufficient "bulk" in meals.

Tests show Kellogg's ALL-BRAN provides "bulk" to aid elimination. ALL-BRAN is also rich in vitamin B and iron.

The "bulk" in ALL-BRAN is gentle. It resists digestion better than the fiber in fruits and vegetables, so it is often more effective.

Isn't this food safer than risking patent medicines? Two tablespoonfuls of ALL-BRAN daily are usually sufficient. If seriously constipated, use with each meal. See your doctor, if you do not get relief.

Use as a cereal, or in cooking. Sold by all grocers. Made by Kellogg in London, Ontario.

MRS. MANDY IS SPEAKER

Continued from Page 1

people made a great success by developing a simple idea. The speaker then went on to show the possibilities that awaited the optimist, the person with ideas and with the necessary "stick-to-it-ativeness." Locally there would appear to be an opening for an information and travel bureau. The desire of the city dweller for something different, something out of the way could be satisfied largely by the development and presentation of local color. Much could be made from utilizing the legends of the native peoples.

Natural Resources

In a very practical way Mrs. Mandy illustrated the possibilities of the natural resources of the city and its environments. The fungus growths, the dead cedar formations, the "art of the totems" would all be attractive to the tourist, however commonplace locally. The unlimited possibilities of making novelty jewellery from the many and vari-colored minerals of the province, the agates of Queen Charlotte Islands, the shells of the coast were indicated by a display of many examples of the work that could be done along these lines. These had been made up by the speaker.

Dr. E. E. Lucas moved a vote of appreciation to Mrs. Mandy for the valuable and encouraging talk given. She hoped that the splendid suggestions made would be utilized for the benefit of the district and the profit of the individual. Dr. Lucas added a word of congratulation to the program committee for the delightful musical numbers by the children in the choir. This in itself was an attraction.

Mrs. Stuart expressed the appreciation of the association to Mrs. Mandy also for her initiation of the Children's Story Hour. With the help of many capable and willing assistants the feature had become a phenomenal success.

Visiting Chicago

CHICAGO, March 21:—Arriving here for a short visit, Maurice Chevalier, noted French moving picture star, told reporters that he desired to take up more serious pictures than those in which he has been so far featured.

Prospectors and mining men are continuing to leave here for Dawson, there having been a considerable movement this spring into the old Yukon gold metropolis. Among those leaving this morning on the Princess Norah were Harold Dahl and F. Boulter of this city as well as John Finkrater and H. Palm of Smithers and S. T. Reed, who hails from New Brunswick. J.
