Railway Appeal

Speaking at the court of revision, R. R. Nichol, assistant taxation commissioner of the Canadian National Railways from Winnipeg, stated that the railway company was doing its best to co-operate with the city and the company realized that the city was also trying to do likewise. Last year, Mr. Nichol said no other city in Canada besides Prince Rupert had received from the company an advance of more than \$5000 on year's taxation. Last year the railway company paid this city an advance of \$32,000. This year, there had been a substantial increase over that. Mr. Nichol asked for a general reduction in assessment.

ASSESSMENT APPEALED

Managing Secretary H. W. Birch reported to the hospital board at its meeting Friday night that a committee consisting of Frank Dibb and himself had attended the civic court of revision Friday seeking a reduction in the assessment of acreage held by the hospital in Section 7. A reduction of from \$240 to \$100 per acre had been sought. Hope was expressed that an adjustment would be made.

Discover Cancer Test

What is regarded as one of the most remarkable of recent developments in man's war upon cancer has been made by this Soviet scientist, Prof. M. F. Sitovich, a graduate of the military academy of medicine and bearer of the title of "Udarnik," one of the highest honors awarded by the Soviet Union. Prof. Sitovich's test is based upon the inhaling of chlorine by the patient. He says that the blood of a healthy person has invariably hemolyzed after chlorine inhalation while that of a person afflicted with cancer has not hemolyzed in any of the tests he has conducted using both human and animals as subjects.

ARGUMENTS ARE HEARD

State contends it has proven case against Hauptmann—Murder Conviction Expected

FLEMINGTON, N.J., Feb. 11:—In the summing up this morning of the state's case in the trial of Bruno Richard Hauptmann, charged with the kidnap-murder of baby Charles Augustus Lindbergh jr., it was submitted that the state had specifically proven its case against Hauptmann as outlined at the opening of the trial by Attorney General Wilentz.

Defence counsel followed the state this afternoon in addressing the jury.

Speculation is rife as to what the verdict will be. The majority of opinion appears to be that there will be a conviction of murder in the first degree with a recommendation for mercy which would probably mean a life sentence.

FLAG GIVEN LOCAL CLUB

Territorial Emblem Presented By Ketchikan Rotarians at Luncheon Saturday

At the luncheon of the Prince Rupert Rotary Club Saturday afternoon at the Commodore Cafe, at which ten members of the Ketchikan Rotary Club and one member of the Seattle Club as well as a number of local people were guests, presentation of a territorial flag of Alaska was made to the Prince Rupert club by Secretary Emery Tobin on behalf of the Ketchikan club. The gift was accepted by President J. J. Little for the local club and a formal vote of thanks, moved and seconded by George Woodland and Lieut. Col. J. W. Nicholls, was passed with enthusiasm.

The flag contains the constellation of the Great Bear or Dipper and the North Star on a blue ground.

OTTAWA, Feb. 11: (CP)—Declaring that the program of the Dominion government for reform was entirely inadequate to meet the situation, the National Council of the Co-operative Commonwealth Federation, in a statement issued today, said that the issue at the next general election would be for reconstruction of a new social order.

DEBATE AT LUNCHEON

Students From High School Show Great Ability in Event at Rotary Gathering

Great ability was shown by four King Edward High School students in a debate at the Rotary Club luncheon Saturday afternoon for the entertainment and instruction of the club members and their Alaskan visitors, their subject being "Resolved that the Radio Has Greater Educational Value Than Motion Pictures," the winning team consisting of Harold Fisher and Miss Betty Parlow, they being the upholders of the negative while the affirmative was well sustained by George Dybhavn and Miss Beatrice Berner. The judges were Dr. Neal Carter, J. W. Mendenhall and Emery Tobin.

George Dybhavn made a particularly fluent and well reasoned speech for the affirmative in opening. He reasoned that the radio had broken down national insulation, was a great help in learning foreign languages and would prove very useful in schools.

Harold Fisher argued that education through the visual sense was more effectual than through the oral sense. It was always easier to demonstrate than to tell. Children were particularly sensitive to color. He drew attention to a recent movie "Tulip Time in Holland" which had conveyed to the audience what no amount of description could ever have done.

Miss Berner drew attention to the eye-strain caused by moving pictures and urged that educative broadcasts could be used in the schools. Many people were being educated by radio, she claimed. Radio could be particularly effective in raising the standard of education in music and art.

Miss Parlow spoke of the horrors of static and mentioned that conditions were always favorable at the movies. She suggested the sending out of educational films to the schools by the government.

President J. J. Little thanked the debaters and spoke of the excellence of the presentation of their respective sides.

There were a number of local visitors at the luncheon in addition to nearly a dozen Ketchikan Rotarians and one from Seattle.

Mrs. Gunnar Anderson and child, who have been visiting in the city with Mrs. Anderson's parents while on their way from Anyox to Salmo where they will take up future residence, sailed Saturday on the Princess Adelaide for the south.

The council meeting was attended by representatives from British Columbia, the prairie provinces, Ontario and Quebec.

By resolution the meeting asked for adequate minimum income for farmers as the first charge on production, statutory reduction in farmers' debts with prevention of foreclosure and eviction, socialization of all financial institutions so as to secure control of prices and production and the financing of useful public works and services by the national credit.

BANQUET IS SUCCESSFUL

One Hundred and Fifty Persons At Affair Saturday Night in Honor Of Ketchikan Visitors

A highly successful and enjoyable banquet was tendered by the local Sons of Norway Lodge in the Commodore Cafe Saturday night to the Normanna Male Chorus party from Ketchikan following the big public concert. Some 155 persons sat down, the hall and tables being specially decorated for the occasion with Canadian, American and Norwegian flags as well as St. Valentine streamers.

The proceedings were opened with an address of welcome by Gunnar Selvig, president of the local Sons of Norway Lodge, who called upon John Dybhavn for a speech. Other speakers of the evening included Gust Olsen, president of the Ketchikan Sons of Norway Lodge, as well as J. Field, past president of the local lodge. Contributing to the musical program were Dr. H. O. Johnsen with vocal solos, accompanied by Mrs. Johnsen, and Ray Fossum and Edwin and Henry Lindseth with vocal and guitar trio. Mrs. Gunnar Selvig rendered an acceptable reading. J. Hadland played a violin solo, accompanied by T. Johansen.

Following the banquet the tables were cleared away and dancing was enjoyed until 4 o'clock in the morning with music by J. Hadland and T. Johansen. A. Nilson was master of ceremonies and the committee in charge consisted of Mrs. Chris Jensen, Mrs. Hans Underdahl, Mrs. J. Gjerstad, E. Grindstrand, A. Nilsen and H. Helland.

Card of Thanks

The Normanna Male Chorus and party of Ketchikan desires to express its appreciation to the public of Prince Rupert for the splendid patronage extended the concert on Saturday night as well as for the welcome and hospitality extended by many friends and the citizens of Prince Rupert generally.
