THIS IS THE TIME

This is the time to consider what is going to be done this the structure. This exhausted the follows: vear in regard to beautifying the city. In that way one of the problems of beautification would be overcome.

MIGHT BE BEAUTY SPOT

Since the hole at the back of the Court House is being great opportunity for creating an Rangers converted into what promises to be a beautiful sunken garden, we hope some organization will take hold of the old of giving the young men of the city railway hotel site and convert it into a sunken garden. The water is already there. The land has already been levelled at the bottom. Artistic trees are growing and the cost of converting it into a garden would be comparatively small. It would be necessary to secure a lease of the property Gol. S. D. Johnston, officer comfrom the Canadian National but it seems likely that could manding, and Major C. v. Evitt, asbe done without difficulty.

Possibly the Canadian National might be induced to Captain J. S. Wilson. Lieut. Reid beautify that spot. If it were converted into a garden it McLennan and Dr. J. H. CITY DID GOOD WORK

The city has done some good work in beautifying the city property between the city hall and the end of Fourth Avenue on either side of the winding path and also in the The Dally News can be purplot where the handball court was formerly located. It is chased athoped that this good work will continue and be extended . Post Office News Stand, 325 so that we can all feel that the city is taking the lead in the work of improvement.

This beautification work is one in which all citizens may R. W. Riley, Terrace, B.C. join. It would be a great thing to have Prince Rupert . known as "The City of Roses," one of the most beautiful *spots on the continent. It is quite within the realms of ers. B.C. possibility. All that is needed is united action.
