Can Pay in Devalued Currency in Relation to Yellow Metal-Stock Market Moves up Sharply in Response To Finding—New Legislation Needed

WASHINGTON, D.C., Feb. 18: (CP)-The United States Supreme Court today upheld the government's right to cancel the "gold clauses" in private bonds but ruled that the government gold obligations cannot be paid off on a "dollar for dollar" basis. Chief Justice Charles Evans Hughes, in a summarization of the decisions, disclosed the court's ruling that government -

"gold clause" bonds must be paid off in gold or an equivalent amount of devalued currency. This, in efof devalued currency. This, in effect, means that, for every one thousand dollar gold bond, the government must pay \$1690 in cur-

Later interpretation showed that, while the court held invalid the resolution of Congress saying that obligations need not be paid in gold, the decision also, apparently, closes the doors to recovery of damages by saying that bondholders could not sue for redress since the Devaluation Act merely carried out the power of Congress to regulate cur-

The government won the solitary case involving gold certificates, the decision being that the court of Claims did not have jurisdiction to entertain suits against the federal government because of its gold bonds and gold certificates.

What the administration's attitude would be was not disclosed this morning but this afternoon, after reviewing the court's decision, it was decided by the government that no new legislation was called for as a result of the decision.

Stock Market Booms

NEW YORK, Feb. 18: (CP)-After a weak and unsettled opening due to the uncertainty prior to the rendering of the gold clause decision. stocks and commodities surged up- Atlin Man Tries change and other leading markets today after news of the decisions had been received. After nearly all issues had exhibited downward tendencies during the first hour or so, Wall Street prices bounded up from \$2 to \$9 per share, railroads being particularly strong while wheat rose two cents at Chicago before trading was suspended.

Landslides in B.C. Endanger Lives

A canyon created near the University of British Columbia at Vancouver by a small stream which. swollen by heavy falls of snow and rain, caused erosion which carried away two bridges, threatening for a time to destroy many homes. One house can be seen in upper right-hand corner. The garage is in a precarious situation. Buildings were dismantled by workmen before they collapsed. The canyon is now more than 200 feet deep and 250 feet wide. It will cost more than \$50,000 to repair the damage at this point.

REPORT IS FAVORABLE

United States Senate Committee Approves \$4,800,900,000 Bill; Labor Satisfied

WASHINGTON, D.C., Feb. 18:-The Senate appropriations committee has reported favorably on President Franklin D. Roosevelt's \$4,-800,000,000 public works scheme. A security wage of \$50 is provided for.

William Green, president of the American Federation of Labor, and the committee came to an agreement on the question of wages to be paid under the scheme. Hours will be cut down in order to maintain a wage scale satisfactory to organized labor. Relief work will not be provided to any man who quits a job paying \$50 a month or over in order to get relief work.

Wiley Post All Ready For Speed Flight Eastward

BURBANK, Cal., Feb. 18:-Wiley Post, famous American speed flier, gave his airplane, Winnie Moe, final tests here yesterday prior to his expected start this week on a stratosphere flight to New York. Post expects that, by flying through the stratosphere and getting away from air currents, he will be able to set up a new speed mark for the transcontinental flight, possibly eight and a half hours. Yesterday he stated that he had reached an altitude of 28,000 feet and attained a speed of 295 miles per hour. He was not satisfied with some of his instruments and this may delay his transcontinental flight start until the middle of this week.
