REV. PRINCIPAL PATRICK DIES AT HIS OLD HOME

Rev. Principal of Manitoba College Had Gone to Scotland in Hope That it Would Restore His Health—Warm Tribute From Rev. F. W. Kerr

(Canadian Press Despatch)
Winnipeg, Sept. 29.—News received here this morning that Rev. Dr. Patrick, principal of Manitoba College, died early this morning at his old home at Kirkintilloch, Scotland, whither he had gone in hope of restoring his shattered health. The news of his death has caused profound regret in Winnipeg.

Tribute from Rev. F. W. Kerr
Speaking as an old student of Manitoba College, Rev. F. W. Kerr, when informed of the death of his late principal, said: "In the passing of Dr. Patrick, Canada loses one of her greatest men. I have known Dr. Patrick since 1902 when I first entered Manitoba College. The college had just entered upon an era of intellectual revival, owing to the arrival of two great Scottish scholars, Principal Patrick and Professor Kilpatrick.

"For over ten years Dr. Patrick has been principal. He was one of the foremost Greek scholars on the continent; in his college days he won the highest honors year after year, at the same time undimining his health. Ever since he has been an indefatigable student, working often in the acutest pain, but with determination unconquered. He has been a great scholar, but better still, he has been a moral hero.

"He came to Canada to be a Canadian. He believed in our

WILL TRY TO STOP THE JOHNSON-WELLS FIGHT

London Times and Spectator Supported by Clergy Are Endeavoring to Have Monday's Contest Prohibited Home Secretary Consulting the Law Officers

(Special to the Daily News)
London, Sept. 28.—Great opposition is being fomented in Great Britain against the forthcoming heavyweight boxing contest between Jack Johnson and Bombardier Wells, which is scheduled to take place next Monday.

"Times" Denounces Fight
The "Times" in an editorial, urges that in the Empire's interest the Johnson-Wells match ought to be stopped because it has no sporting justification. The spectator, says the "Times," will be attracted by a morbid and unwholesome interest in a struggle between a white man and a black man, and the contest itself, together with the showing of fight pictures, only can serve to promote or aggravate the color feeling throughout the entire country.

champion: 'You are brothers,' said Mr. Meyer.

It is reported that Winston Churchill, the home secretary, is consulting the law officers with regard to the legal aspects of the case.

Johnson is "Tetchy"

Johnson, when interviewed in Paris, said that he was "tetchy" because the English papers were saying everything bad about him, and that he was not getting fair play. The London fight, he said, was a matter of indifference to him, as there were dozens of other places which would not object to a match.

"It's just like this. You don't want me to win, and that's the truth," said Johnson. "But I am going to win. That's what I came here for. Longsdale is sore at me because I would not fight for \$6,000 at the National Sporting club. Why should I fight for \$6,000 when I can get \$15,000? I am over here for the money. If the fight is stopped in London we can fight in Paris and get a bigger crowd."

Preachers are Busy

The fight was denounced by many preachers in their sermons last Sunday, the main speaker being Rev. Mr. Meyer, of the Regents park chapel, who started the movement against the proposed battle at Earls' Court.

Mr. Meyer protested that prize fighting was demoralizing and brutal and also that it would embitter the feeling of the whites against the blacks in America, South Africa and India. "Of course, I shan't do it, but I would dearly like to break into the ring and say to the big negro and the white

WAR IN TWENTY-FOUR HOURS

Turkey Last Night Rejected Italy's Ultimatum Asking For the Immediate Evacuation of Tripoli---Italian Fleet Will Probably Open Hostilities by Bombarding Tripoli Today

Constantinople, Sept. 29---Before the day is over a state of war will have come to pass between Italy and Turkey.

Last evening an ultimatum was received at the Porte from the Italian Government giving Turkey twenty-four hours in which to evacuate Tripoli and Renghasni. The ultimatum intimated that only an immediate evacuation would be acceptable to Italy.

The ultimatum caused consternation in public and government circles when it became known that a time limit of twenty-four hours had been set.

At 9.45 p.m. the Cabinet after consultation decided to reject the Italian demands as embodied in the ultimatum. An explanatory note was drawn up and addressed to the Powers, outlining Turkey's position.

WEDDING LAST NIGHT WAS CHARMING EVENT

Flower-strewn Pathway for Winsome Bride—Reception Followed Pretty Ceremony in Anglican Church—Hearty Send-off on Honeymoon

"Quite the most picturesque wedding Prince Rupert has ever seen," is the comment this morning on the marriage yesterday evening of Miss Emilie Lysle Craig to Mr. Duncan McTavish. The wedding took place in the Anglican Church of St. Andrew, Rev. W. James being the officiating clergyman.

Amid a profusion of beautiful flowers from the south the young couple were united. A feature of the church decorations were the Union Jack and "Old Glory" draped on either side. The bride looked winsome in a rich lace frock, with filmy bridal veil and orange blossom wreath. Her bridesmaids were Miss McTavish, sister of the bridegroom, and Miss Morley, her friend. The bridegroom was supported by Mr. E. Wallace, the ushers being Mr. H. P. Wilson, Mr. Pitcairn and Mr. C. H. Kearns.

The bride was given away by her father Mr. Morte H. Craig. Prominent members of Prince Rupert society thronged the church and the choir seats presented a specially bright appearance. Miss L. Elliot at the organ rendered the wedding march from Lohengrin and Mendelssohn's wedding march at the beginning and end of the ceremony. As bride and bridegroom came down the aisle their path to the church door was strewn with flowers and rose petals by Miss Dorothy Palmer and

ROCK FRAGMENTS FLEW ROUND CHILD AT PLAY

Shot on First Avenue Contract This Morning Damaged Dr. Kergin's House and Endangered His Wife and Little Girl—Roof Pierced—Glass Shattered

A blast shot on Camozzi's First avenue contract this morning scattered small rocks very badly, and was nearly the means of causing the death of Dr. Kergin's little girl who was at play behind the Naden block when the rocks fell. A large fragment whizzed by her and shattered a window close to her. The force of the rock's fall smashed part of the window frame, and had it struck the child would have killed her.

Another larger fragment of rock struck the roof of the building and smashed the shingles and framing piercing right through to the inner lining of the roof. Daylight was let clear into a wardrobe and the smaller fragments split shingles and rendered the roof non-weather proof at many places. Mrs. Kergin who was working in her kitchen at the time ran almost as great a risk as the little one. She had just passed across the line of the stone's fall an instant before the shot was fired.

What makes the matter serious is the fact that no warning was given to the inmates of houses here, to go into safety, or to take the children indoors. Men called "Fire," but it was evidently not imagined that the blast would carry as far as this did.

When it went off the sound of crashing stones sounded in all directions. Messrs. Fisher and Wharton were warned out of their office, but when the cry "all

over" came Mr. Fisher was able jovially to shout to Mr. Wharton across Second avenue: "They've missed us again!"

A much larger blast fired the day before yesterday blew badly back onto Second avenue lots, but threw no high stones. Twelve cases of dynamite were used in this blast, and the residents near by were uneasy about its effects. Though safe enough after all, the shot was not satisfactory to the contractor, it is understood.

G. T. P. IN CALGARY THIS YEAR

W. P. Hinton Says Good Progress is Being Made

Winnipeg, Sept. 28.—W. P. Hinton, general passenger agent of the Grand Trunk Pacific, who returned from an inspection trip of the western lines on Saturday, stated that he expected the Edmonton-Calgary line of the Grand Trunk Pacific would be opened this year. The contractors have experienced considerable trouble in getting supplies, notably steel for the large bridge over the Red Deer river near Alix but now this bridge is finished and the structural steel gang has gone to a bridge on the Brazeau coal branch. Steel laying south of Alix is proceeding at the rate of about three miles a day and the grade is finished far enough toward Calgary to keep ahead of the track-layer.
