Getting the Women In

"If we can only get the women
into the country," Mr. Whyte
used to say, "there will be no
trouble about getting the men."

It was one of the peculiarities
of the women in the West those
days that they hated to go far
from a settlement containing a
doctor, so Mr. Whyte might be
seen catering to these domestic
prejudices by getting the company
to subsidize doctors to live in
certain places. Then the women
would complain that they couldn't
do any shopping, or that the shop-
keepers they did have charged
exorbitant prices. What did
William Whyte do? He had car-
tured into travelling stores and
sent them regularly up and down
the line. Where he considered a
storekeeper was trying to bleed
the people, there his travelling
store would stop and sell goods
at reasonable prices. But when the
storekeepers of a place were doing
the fair thing, then the C. P. R.
store would pass it by, stopping
only at out-of-the-way places where
there were no stores. In these,
and hundreds of other ways, the
Canadian Pacific fathered the
West, and big, genial William
Whyte was the man it used for the
purpose.

Becomes General Manager

From superintendent to general
manager of Western lines was the
next promotion for him. The
appointment was made on May
3, 1897, and was recognized by
everybody as a fitting recognition
of his talents and energy.

A year or two ago, when the
company's lines had become so
extensive that it was necessary to
divide them into Eastern and
Western systems, the Western sys-
tem was placed in full charge of
Mr. Whyte, with full executive
power as regards its administration.

VALUABLE REALTY SOLD

**S. Harrison Completes \$26,000
Transaction Today. Section
One Corner.**

This morning S. Harrison com-
pleted the sale of Lots 1 and 2,
Block 18, Section 1, for the sum
of \$26,000 to Victoria capitalists
who are investing to hold for
speculative purposes, but may im-
prove the property considerably
by buildings before re-sale.

The lots in question make a
valuable corner site at First street
and Second avenue, in the growing
business district of the city.

Southbound Monday

Mr. G. G. Gibbons, nephew of
Mr. A. T. Parkin of this city,
has just returned from Dominion
Government survey work at Stew-
art. He is going south by the
Prince George on Monday.

Mrs. A. T. Parkin is going south
by the George, and will be escorted
by Mr. Gibbons. Mrs. Parkin
will spend the winter in the south
with her little son.

Weather on Coast

Wireless reports today indicate
a good deal of fog off Triangle,
but clear weather at most other
points. The Prince Rupert has
passed Cape Lazo, and the Quadra
is in that neighborhood at present.

Fresh Flowers

An unusually fine display of
cut flowers is on display at the
Arctic Studio—fresh from the south
by the Prince George this morning.

H. Breckenridge was a pas-
senger by the Rupert yesterday
going south to attend to business
connected with the new cold stor-
age works planned by the
company.

COAL NOTICE

Skeena Land District—District of Queen Charlotte
Take notice that thirty days from date, I, C. E. Bainter, of Prince Rupert, B. C., by occupation
bookkeeper, intend to apply to the Chief Com-
missioner of Lands for a licence to prospect for
coal and petroleum on a 2 ft. 9 in. Burow
land on Graham Island
Commencing at a post planted three miles
of C. E. B. Coal Lease No. 7, marked C. E. B.
Bainter, and to be used on Lot 4405 for domestic
and agricultural purposes.
Dated Sept. 11, 1911. C. E. B. Bainter, Locat.
Pub. Sept. 23

Although according to Mr. Angus
Stewart there is not a great
deal of hope that the water in the
Skeena River will rise sufficiently
to let deep laden boats make the
trip to Hazelton, an effort will
be made to transfer the Foley,
Welch & Stewart staff up river by
reducing the steamers' cargoes to
the minimum.

Today the offices at the wharf
are being dismantled, and the
steamers will be freighted over
the week-end. Mr. McLeod is
looking after the arrangements,
and though he will not predict
that the staff will get to New
Hazelton at any record speed, yet
he keeps on making every pre-
paration for a systematic removal.

Captain Johnston, port-captain
of the Foley, Welch steamer fleet,
who has known the Skeena for
over ten consecutive years, says
that given a little rain the trip
can easily be made. Others say
that if the new high snow fall
comes early as it is likely to do,
the run is still strong enough to
melt it, and make a rush in the
Skeena for long enough to let a
few more steamer trips be made.

**TWO LIVE NEW
BALL TEAMS**

**Prince Rupert Will Now Boast
of Giants and Cubs in Her
Next Indoor Baseball League
Series.**

Beside the indoor baseball teams
which afforded such good sport
during the first league series in
Prince Rupert just completed there
will be two new teams in the next
league series.

These will be the Giants and the
Cubs. Both teams will have a
first rate line up. As soon as
organisation arrangements are com-
pleted practice will begin, and
exhibition matches will be held.
The formal handing over of the
Manson Cup to the Royal Blue
Ribbons team will be made the
occasion of some festivity to be
planned.

**PRINCE RUPERT PRODUCE
Food Value of One of Rupert's
Principal Sources of Wealth**

The consumption of fish as a
daily article of food (writes the
late Dr. Muskett) is not nearly
so large as it ought to be, if we
studied our health. It must be
admitted that it is much more
expensive than meat, and cannot
be bought so readily. Then, again,
ordinary, plain cooks only know
how to fry and boil it, so that
little variety can be obtained, and
even these two methods are often
so badly followed as to take away
rather than tempt the appetite.
Not one cook in a hundred knows
how to boil a fish properly. If
a little more attention were given
to fish cooking, we should not
have so many complaints, and fish,
instead of being a neglected food,
would be a much-desired one. It
is an invaluable food for people
obliged to be indoors a great deal,
or for those engaged in literary
work, for it contains, besides other
good things, a large proportion of
phosphorus, and this is excellent
food for the brain and organs of
the chest. In choosing fish, the
flesh should be firm and hard; if
soft and leaving the mark of the
finger if pressed, it must be re-
jected. It must be thoroughly
cooked. It is a matter of taste
whether we like well or underdone
meat, but underdone fish is most
unwholesome, as it is the most
repulsive food that can be offered
to us, and in no process of cooking
is more judgment required than
in the cooking of fish. Fish of all
kinds, either boiled, steamed, baked,
or fried, look transparent when
raw, but are milk white when
cooked sufficiently.

Glad to Get Back

Many of the passengers on the
Prince George this morning ex-
pressed their gladness at being
back in the Prince Rupert sun-
shine. The rainy weather that
Vancouver has been enjoying of
late, made them all feel glad to
get back into the sunshine belt
once more.

Mr. and Mrs. Vernor Smith
went south by the Prince Rupert
yesterday. Mr. Smith will
accompany the Foley, Welch &
Stewart staff of which he is in
control, up river when the water
conditions permit.

The announcement credited to
George McDonald that he will
accept the offer of a purse of
\$30,000 made by the National
Sporting club of London for a
bout between Packy MacFarland
and Wells was pronounced absurd
by Charles F. Mathieson, the
American representative of the
National Sporting club. Mathieson
said no offer of any kind had
been made.
