ASK FOR Kellogg's

The world's most popular BREAKFAST

Kellogg's Corn Flakes are the largest-selling ready-to-eat cereal in the world. The reason for this is threefold: They're *oven-fresh*, they're *flavor-perfect*, and they're made from the finest ingredients obtainable.

When the Kellogg Company started making Corn Flakes 20 years ago, it changed breakfast habits the world over. People everywhere eat Kellogg's Corn Flakes — because no imitation can equal their delicious flavor and crispness.

When you buy Kellogg's, you get *true value*. Refuse a substitute. The *original* Corn Flakes are made only by Kellogg in London, Ontario.
