MANY AT FUNERAL

Final Rites For Late Mrs. W. D. Moxley Performed Today From Presbyterian Church

There was a large congregation this afternoon at First Presbyterian Church for the funeral of the late Mrs. W. D. Moxley, esteemed pioneer resident and churchwoman. Rev. W. D. Grant Hollingworth conducted the rites and Mrs. E. J. Smith presided at the organ to accompany the hymns which were "We Shall Gather at the River" and "Lead Kindly Light." Following the service, interment was made in Fairview Cemetery.

Honorary pallbearers were Mrs. F. W. Hart, Mrs. B. R. Rice, Mrs. Victor Basso-Bert, Mrs. W. L. Sandison, Mrs. D. C. Stuart and Mrs. E. N. Valentine and active pallbearers were W. J. McCutcheon, John Bulger, W. R. McAfee, J. H. Thompson, A. C. Abbott and B. R. Rice.

There were numerous floral tributes.

SPORT CHAT

The fame of Walter Lindrum, internationally-known billiards expert, did not mean much to a marker in a parlor in a small English town. Lindrum slipped in between trains one day, the story goes, and was invited to a game, the marker offering to give him 50 in 100 up. He was persistent and Lindrum disclosed his identity. "Oh, well, then I'll give you only 40," the man replied.

The standard of Women's golf in America is high among a few players, but not so good in general as in England, in the opinion of Miss Joyce Wethered, English star, just returned to London after a four-months tour of the United States and Canada.

One of the founders of the famous Aston Villa football club, George B. Ramsey, a director, died suddenly at Llandrindod Wells. He was 80 years old. Some 60 years ago he played for the Villans as an amateur and later as a professional. He was secretary until about 20 years ago.

A sporting club in South Africa is negotiating with two American boxers, George Nichols and Tommy Paul, for fights in Johannesburg with Dave Carstens and Laurie Stevens, South African light-heavyweight and lightweight champions. Efforts are also being made to bring Harry Mizler, former British lightweight champion, to South Africa.

White Hart Lane, home of Tottenham Hotspurs' English League club, will be the venue of one of the most important soccer games of the season. England will meet Germany there Dec. 4. The English team will be chosen Nov. 25.

Goose Goslin, who drove in the run that gave Detroit the world's baseball championship, won't admit he contemplates matrimony. "I can say I'm fond of lots of girls but I haven't met one yet I'm going to marry," grins the Tiger's most eligible bachelor.

Despite his lack of success in tournaments this season, Henry Cotton is still a great personality in British golf. He lost his open title and won only one tournament—at Leeds—but there is little wrong with his season's record. His tournament and championship average works out at 72.04 strokes for 18 holes.

The University of Nebraska has two "homegrown" all-American men on its football coaching staff. Ed. Weir, coach of the Cornhusker freshman gridgers, won the honor as a Nebraska tackle in 1924 and 1925, and Lawrence Ely, who helps with the varsity "B" team, was all-America centre in 1932.

Taunton Rugby Club celebrates its diamond jubilee this season. With a membership that now exceeds 600. The club recently acquired the Priory Park ground, which possesses covered accommodation for 1200 people. As funds become available it is proposed to extend the grandstand and erect more terraces.

Establishment of Skating Rink, Peace River Essay Contest And Seattle-Prince Rupert Yacht Race on Tapis

Good Meeting

Profit of \$60 on Recent Novelty Dance Announced—Committee Chairmen Named—Johnson Shows Pictures

The establishment of a natural ice skating rink in Prince Rupert, the sponsoring of an essay contest for school children of the Peace River district on the subject of "Prince Rupert, the Logical Outlet for the Peace River District" and co-operating in the staging of a yacht race next summer from Seattle to Prince Rupert are among new activities being considered for the coming year by the Junior Section of the Prince Rupert Chamber of Commerce, it became known last evening at the regular monthly dinner meeting of the young business men's organization in the Knox Hotel. President Lee Gordon was in the chair and the attendance was the largest in some time, some twenty-five members being present in addition to a few special guests.

The skating rink project has been put forward by Al Small. Three sites are suggested—the Canadian National Recreation Association's softball grounds, the Gyro ball park at the corner of Sixth Avenue and McBride Street and a lot section of railway yard in the vicinity of the Swift-Canadian Co.'s plant. The last-mentioned would appear to be the most adaptable involving a minimum of preparation. Foster Willan was named chairman of a committee to go further into the matter.

S. J. Jabour was delegated chairman of a committee to go into the Peace River essay contest proposal which is designed to keep this port in the forefront as the outlet for the northern agricultural area. The contest would be open to senior public and high school pupils and a free trip from the Peace River to Prince Rupert at the time of next year's carnival has been suggested as a grand prize if it would not prove too costly. Plans for financing the prizes would have to be devised. Meantime, the co-operation of Clive Planta, M. L. A. for Peace River, and the school authorities of that district will be sought.

Nothing definite will be done as far as the Junior Chamber is concerned in connection with the Seattle-Prince Rupert yacht race until such time as the Prince Rupert Rowing & Yacht Club, which is hesitating in sponsoring the race, has definitely decided to abandon it.

The local radio broadcasting station came in for considerable discussion at the meeting and the Junior Chamber decided to continue assisting the promoters of the undertaking in getting established. The Junior Chamber itself will sponsor a weekly half-hour program on Saturday evenings, the Prince Rupert Players' Guild to furnish the entertainment feature and take any profits that may accrue. Roth Gordon will be chairman in charge of the arrangement of the entertainment. William McLeod was named chairman of a committee which will give assistance in a general way to the new station.

The Chamber decided against sponsoring the importation next summer of a travelling show troupe from the south, the representative of which had been in the city recently.

S. J. Jabour suggested that weather forecasts should be included in the daily broadcasts of the local radio station. The suggestion will be followed up by contacting the meteorological authorities.

CONDITION OF CEMETERY

Editor, Daily News:—As I was walking through your local cemetery a few days ago, I was shocked at the deplorable state in which it is kept.

I am just a visitor in town and have seen many cemeteries but this is the worst I hope I shall ever see. I noticed in your local paper that the road to the ski grounds is finished and no doubt will be popular but why build ski roads and forget the resting place of those hardy pioneers who built your city?

It is up to the citizens who may have any beloved at rest to force your good-natured and plausible commissioner to spend a few cents so as to show a little respect if not sorrow for their brothers and sisters departed.

YOURS,
THINKER.

Will Give Two Recitals From United Church Next Month

At the regular practice of the Philharmonic Society last night it was decided to undertake the broadcasting of an hour of music from 9:30 to 10:30 two Sunday evenings in the month. This will be a non-commercial program offered by the choir at its own expense. It was felt that the radio offered an opportunity of extending the usefulness of the society and further that an hour of good music late in the evening would fill a real need. The first and second broadcasts will take place on November 17 and December 1, respectively from the United Church. The general public will be admitted and a silver collection will be taken at the door to help defray the expenses entailed in broadcasting. These will not be heavy as the radio station has donated the time.

While definite plans have only been made for these two broadcasts, it is probable that they will be continued throughout the winter if the reception and support they receive warrant it.

Cold Weather In West Moderating

San Francisco Has Coldest Temperature on Record For This Time of Year

SAN FRANCISCO, Nov. 6.—Weather throughout the west started to ameliorate yesterday after two weeks of unusual cold and is still milder today. The thermometer here dropped to 42 above zero on Monday, the coldest on record for this time of year in San Francisco. From the mountain sections sub-zero weather was reported while extremely cold weather was also continuing in Washington and Oregon.

Former California Official is Charged With Embezzlement

FORT WORTH, Texas, Nov. 6.—William B. Shearer, former cashier of the California state treasury department, having been arrested here, is now on his way back under police guard to Sacramento where he will face trial on charges of absconding with \$24,000 of state funds.

RELIABILITY OF WAR NEWS

There is considerable doubt of the reliability of war news coming from the Ethiopia zone from either side owing to the strict censorship and the desire of each to keep their people and the rest of the world biased in their favor. At the same time fairly accurate reports of large engagements are bound to get out.

Reports of Italians killing women and children, while they may or may not be true, are designed to turn the civilized world against Italy. If bombs are dropped from planes they are almost bound to cause death and destruction to some women and children and also to non-combatants, if there are any in the neighborhood, just as did the German bombs dropped on London.

War is a terrible thing as the approach of our own Remembrance Day reminds us. The responsibility on those who instigate war or who are responsible for it is very great.

NOTABLE RECOGNITION

George Bancroft, at one time secretary of the navy, founded the United States naval training school but he also was the originator of the well known American Beauty rose and his work in horticulture was recognized recently when a plaque was placed on a large office building on the site of Bancroft's former home in Washington. The tablet tells that fifty years ago a scholar and historian worked in a shadowed garden, creating a new flower. On the occasion of the unveiling ceremony President Roosevelt sent an immense wreath of American Beauty roses.

CITY BUYS ESTATE

Canadians and Americans are often thought to be more enterprising than people of the older countries but there is some doubt whether we have yet caught up to Great Britain. The City of Wolverhampton, in the English Midlands, recently purchased an estate of 733 acres with a mansion house and grounds to enable it to complete an area for an airport and manufacturing sites, the total size to be nearly 72,000 acres.

The city maintains an up-to-the-minute development department which issues a bulletin periodically. This organization is evidently getting results for the city is growing rapidly.
