He appears to be doing a sort of Rip Van Winkle stunt, but his friends say his retirement will be nothing like 20 years, but more like a single year.

They predict that some day he will spring a surprise on the British authorities, something spectacular that again will rivet world attention upon him.

Is Not Telling

The Mahatma is not giving away his plans in connection with the imminent launching of the new constitution in India. When approached at his little hut in the "untouchables" colony, on the outskirts of Delhi, and asked for a statement of his program, he said: "A good general never discloses his plans until the day of action. America must wait until then. Then it will see for itself what I am doing. For the present I must

world and meditate." Despite alarming reports reports respecting Gandhi's health, he appears to be in excellent condtion. If anything, he seems more alert and younger than he was in 1931. But his friends say his fluctuating blood pressure, which sometimes rises alarmingly, gives

IRRADIATED Carnation Milk

TV7HEN the doctor orders that baby be bottle-fed, what milk does he prescribe? In any number of cases, the formula calls for Irradiated Carnation Milk - and this because he knows that Improved Carnation Milk is super-digestible, nourishing,

absolutely pure and convenient. And it is

irradiated-enriched with bonebuilding "sunshine" vitamin D. Ask your doctor about a Carnation Milk formula for your baby. It is the milk the Dionne Quintuplets have been getting since 'way back in November, 1934. Our valuable booklet. "Contented Babies," is free. Write for a copy today.
