SPINACH RING WITH CREAMEI

Two cups cooked spinach, 4 egg salt, 1/8 tsp. nutmeg, 1/8 tsp. peper.

Combine ingredients and turn into a buttered ring mold. Place in pan of hot water and bake in a moderate oven (350 deg. F.) about 30 minutes. Turn out on serving plate and fill centre with creamed hard cooked eggs. Hot buttered beets, creamed ham or salmon may be used instead of the creamed eggs.

# THERE IS NO

Needed to Correct Constipation\*

Most people recognize the seriousness of constipation. But too often they dose themselves with strong cathartics that often actually lead to chronic constipation.

The natural way to check common constipation is to correct the condition which causes it-usually, insufficient "bulk" in meals. How can you get "bulk"? Fruits

and vegetables have some. Bran has more. The most popular product of this kind is Kellogg's ALL-BRAN. The "bulk" in ALL-BRAN is gentle

in action. ALL-BRAN also supplies vitamin B and iron. This delicious cereal is a wholesome food. Serve ALL-BRAN regularly for regularity, with milk or

cream-or use in cooking. Two tablespoonfuls of ALL-BRAN daily will usually correct constipation due to insufficient "bulk." If not relieved, see your doctor.

ALL-BRAN gives you gentle internal exercise. Sold by all grocers, Made by Kellogg in London, Ont.

\*Constipation due to insufficient "bulk"

## You can afford an ELECTRIC REFRIGERATOR

. . . because it will pay for itself!

an electric refrigerator. The hotter the weather gets, the more you'll appreciate the advantages of owning this invaluable electrical aid to homekeeping. The actual cost of the refrigerator is made so easy to pay by our really generous plan, that even young couples starting life in a moderate way of living list their electric refrigerator at the head of the needfuls. No question about it, the amount of money saved in food spoilage is really great. The amount saved by allowing you to buy meats, fruits and vegetables, dairy products and such things . . . in bulk . . . when the

There's no economy in being without price makes it a big object ... is also large. Consider the advantages from a health and comfort standpoint. The family's health safe-guarded from eldest to youngest by pure, fresh foods. Ice-cubes at hand for cool, comfort-giving drinks. Dessert-making made easy by the quick-freezing containers. The cleanliness of the white porcelain, the ease of use, the appetizing evening "snacks" easily put together from freshly kept left overs! It's health-protecting, timesaving, money-saving, and the cost of running on present low rates in astonishingly little! Don't be without one another day!
