

2 Things That Combat Colds Like Magic!

Ask Any Doctor . . . Then Follow Simple Directions Pictured Below. Quickest, Simplest Way

1. Take two "Aspirin" Tablets. Make sure you get "Aspirin."

2. Drink a full glass of water. Repeat treatment in 2 hours.

Instead of using fancy priced "cold remedies" try the new-day cold treatment pictured here. Your own doctor will approve it. It will start easing the average cold or sore throat almost as fast as you caught it. The "Aspirin" you take will start combating your cold internally at once; if throat is sore, crush and stir 3 "Aspirin" Tablets in a third

of a glass of water; gargle twice. Do not rinse mouth. "Aspirin" Tablets are made in Canada. "Aspirin" is the registered trade-mark of the Bayer Company, Limited. Look for the name Bayer in the form of a cross on every tablet.

WATERFRONT WHIFFS

Thirty Halibut Boats Leave For Grounds—Prince John Damaged in Storm—Takla Is Salvaged

There is much activity along the waterfront this week as the halibut fleet makes final preparations to get away to the banks for the opening of the 1936 fishing season on Monday. Up to this morning well on to thirty vessels of the local fleet had been issued clearances and licences. More will be getting away immediately. The boats

leaving this week-end are those whose names commence with letters A to L. The vessels with names starting M to Z will leave a week hence. Among the boats leaving this week-end are the following:
Cape Race—Capt. R. B. Morgan.
Atli—Capt. W. Bussey.
Clipper II—Capt. A. Jacobson.
Johanna—Capt. John Wick.
Kaieen—Capt. Ole Stegavig.
Ingrid H.—Capt. C. Lindquist.
Embla—Capt. A. Anderson.
Capella—Capt. D. Larsen.
Fanny F.—Capt. J. Batt.
Cape Beale—Capt. E. Arnett.
Covenant—Capt. H. Underdahl.
Gulvik—Capt. C. Bygnes.
Charmine C.—Capt. M. E. Crowell.
Gony—Capt. O. Andreassen.
Cape Spear—Capt. E. Peterson.
E. Lipsett—Capt. O. Skog.
Gem—Capt. P. Rosang.
A. K.—Capt. S. Beppu.
Annabelle—Capt. P. Wingham.
Borgund—Capt. A. Dybhavn.
Aleva—Capt. F. Blundon.
Gibson—Capt. C. Henriksen.
Alken—Capt. Andrew Hanson.
Balsac I.—Capt. John Orvik.
Fenella (formerly Myrtle K.)—Capt. Dave Ritchie.
Bobbie—Capt. O. Hansen.
Bayview—Capt. D. Wedge.
D. S. T.—Capt. P. Meuse.
Bum—Capt. Winnie Pierce.

tion is about completed, according to word received this week from the Islands. A big cargo of lumber and supplies was brought from Vancouver last week by one of the Association's own boats.

H. V. Morehouse, manager of the B. C. Packers salmon cannery at Namu, sailed Thursday night on the Prince Rupert on his return to Vancouver while E. F. Nason, who came north with him, left by the Cardena last night on his return south. They were here on business in connection with the company's operations in this district during the coming season. Mr. Nason made a trip aboard the Armour Salvage Co.'s service boat Algie to the Shannon Bay cannery of the company in Massett Inlet which it is the intention to operate this year.

Resuming service on her regular run after having been off for several weeks, Union steamer Cardena, Capt. J. E. Boden, arrived in port at 9 o'clock last night from the south and sailed at 10:30 p.m. on her return to Vancouver and waypoints.

There has been somewhat of a falling off in herring catches in and outside the harbor the latter part of this week. Seining operations are, however, being continued in the harbor by the Gammon & Watt boat Zenardi for the Nelson Bros. Fisheries Ltd. reduction plant at Tucks Inlet and by Capt. Eli and Ole Skog with the Anna S. at Butler's Cove for the Canadian Fish & Cold Storage Co.'s halibut bait supply.

The heavy blizzard on Thursday afternoon delayed the steamer Princess Norah, southbound from Skagway to Vancouver, for five hours in getting away from here. The vessel, which was scheduled to sail at 5 p.m. for the south, did not leave until 10 p.m.

The Department of Marine announces the placing in operation yesterday of a lighted beacon at Wiah Point in Dixon's Entrance at the north end of the Queen Charlotte Islands. It is a red flashing light at an elevation of thirty feet.

On her voyage north this week from Vancouver via the Queen Charlotte Islands, the steamer Prince John, Capt. Neil McLean, sustained quite a shaking up in heavy seas. Some damage was done to superstructure as well as to lifeboats, repairs being effected while the vessel was in port. Mountainous seas swept over the stout old ship in Hecate Straits in the vicinity of Skidegate Inlet.

Dragging operations are being continued by the police at Cow Bay for the body of Dan Stegavig, local fisherman, who was drowned on Thursday night when he fell overboard from his boat, Skippy. Up to this morning no trace had been found of the body.

The coast freighter Salvor, Capt. Albert Georgeson, arrived in port last night from Vancouver with local cargo. She will sail tomorrow for Seattle with fish meal loaded from the Nelson Bros. Fisheries Ltd. reduction plant at Tucks Inlet.

Takla Salvaged

The big halibut boat Takla, Capt. Chris Parkvold, which was struck by the steamer Prince Rupert and sank in Seymour Narrows last fall while bound from Prince Rupert to Vancouver, has been salvaged and is now at Vancouver undergoing repairs. In two months the Takla will be recommissioned in the halibut fisheries.

HOSPITAL IS BUSY

Women's Floor is Particularly Active—Reports Presented at Last Night's Meeting

Business at the regular monthly meeting of the board of directors of the Prince Rupert General Hospital was almost entirely of a routine nature and the session was a brief one.

Reports for the month of February included that of the lady superintendent, Miss Jean Harrison R.N., who stated that the hospital was an extremely busy place these days. At no time since she had been there had the women's floor been more busy. Miss Harrison informed the board. It had been necessary to augment the nursing staff. Usual routine work of the hospital was going along normally.

Frank Dibb, chairman of the grounds committee, stating that it would soon be time to consider grounds improvement and extension work for the season, suggested a grant of \$100 for such work. This was allowed by the board with the understanding that any work to be carried out on the grounds would be in due consideration of the possibility of a new hospital being built.

Reporting for the house committee, G. V. Wilkinson stated that a break in the weather was being awaited before checking up on

leaks in the roof. New x-ray equipment had arrived and, having been set up, was now in use. The gift of appropriate pictures for the King's Jubilee Ward from Frank Dibb was acknowledged with thanks.

The report of the finance committee, G. P. Tinker chairman, showed disbursements for the month totalling \$3673.30. There had been 1419 hospital days at a cost per hospital day of \$2.59.

There was some discussion as to the maintenance of the ambulance.

A communication from the provincial inspector of factories ordered the installation of interlocking devices and an electric contacted door or gate in the hospital elevator before January 31, 1937. This matter was referred to the house committee with power to act.

Hotel Arrivals

Royal

W. H. MacBeth and H. H. Weber; Vancouver; L. Eversen and Mr. and Mrs. Larsen, city.
