WHITNEY DECLINED THE PORTFOLIO OF JUSTICE

Ontario's Premier Decided He Would Rather Remain a Provincial Premier Than Become Minister of Justice for the Dominion

Ottawa, Oct. 9.—It is stated that the Portfolio of Minister of Justice was offered to and refused by Premier Sir James Whitney of Ontario.

Sir James arrived during the week from Toronto after Messrs. Codrane and Rogers. They had precedence over a large number of other prospective Cabinet Ministers anxious for a private word with the Conservative leader in his study at his residence, where he has been immersed in work since his return to the capital.

The Ontario Premier and his Minister would divulge no word as to the object of their consultation with Mr. Borden, but it is known that both have been offered portfolios in the new Administration. Sir James has precedence over all other Ontario Conservative leaders as a Federal lieutenant of the incoming premier. He was offered the portfolio of Justice as being one which he would be fitted to fill worthily. Mr. Codrane has been suggested as Minister of Public Works.

ARCHDEACON COLLISION HERE

Preached Evening Sermon in Anglican Church Last Night

Archdeacon Collison preached in St. Andrew's Anglican Church yesterday evening, referring to missionary work. In mentioning the presence of the Archdeacon, Bishop Du Vernet called attention to the fact that he has just now completed a period of thirty-eight years as missionary on these coasts. Both Archdeacon Collison and Bishop Du Vernet have just returned from the Triennial Conference of the Anglican Church in Canada which this year was held in London, Ontario. Archdeacon Collison referred to the spirit pervading the Conference which indicated to him that the day of more union in the religious activity of the world is not very far distant.

VANCOUVER CAPTURES BOTH MANN AND MINTO CUPS

Won Both the Professional and Amateur Lacrosse Championships on the Same Day—Tecumsehs Won the Second Game by 3 to 2 But Lost Out on the Series

(Canadian Press Despatch)

Vancouver, Oct. 9.—By the victory of the Vancouver lacrosse team at home and at Toronto, Vancouver captured on Saturday both the professional and amateur championships at lacrosse, winning both the Mann and the Minto cups. The former was donated by Lord Minto for the champion professional team, and the latter by Sir Donald Mann for the champion amateur lacrosse team of the world. Vancouver were holders of the Minto Cup from last year.

In the Minto Cup match the Tecumseh team won the game, the second of the series, by 3 goals to 2, but could not overcome the lead of five goals which the Vancouver team piled up on the

previous Saturday. On the series Vancouver won by 7 goals to 3.

A much better brand of lacrosse was put up by the Tecumsehs in the second game. They captured one goal in the first quarter, followed by one goal for Vancouver. Vancouver scored another goal in the second quarter, but the Tecumsehs followed up with two goals in the third, winning the game by 3 goals to 2.

Amateurs Won Also

Toronto, Oct. 8.—The Vancouver Athletic Club's amateur lacrosse team won the game here today by 2 to 1, with the Young Torontos, thereby giving the former Mann Cup emblematic of the World's Amateur Championship.

(Canadian Press Despatch)
Montreal, Oct. 9.—Mackenzie & Mann have announced the purchase of the site of the St. James Methodist Church for \$2,000,000 to be used for terminals for their railways.

The St. James Church is probably the most costly, and architecturally beautiful Methodist Church in Canada.

The Mackenzie & Mann announcement settles the speculation as to where the C. N. R. terminal is to be located in Montreal.

Row at Toronto

Toronto, Oct. 9.—The local Conservatives are up in arms against the announcement that W. T. White, one of the insurgent Liberals in the recent election, is to be given the portfolio of finance. Contract Not Let

It is learned that the Liberal Government did not award the big contract for the St. John harbor improvements at the final meeting of the Cabinet. It was decided to leave the matter to the new Ministry.

This makes a total of sixteen members—one more than had Sir Wilfrid Laurier at the formation of his last Government.

The announcement of the Cabinet was made after Sir Wilfrid Laurier had formally resigned on Saturday. Today Ottawa is eagerly discussing the selections.

ITALY IS EMBARKING HER ARMY

40,000 Men in Two Divisions are Leaving Italy for Tripoli—Ban is Placed on War Despatches—Italy Offers Turkey an Indemnity to Release Tripoli Without Bloodshed

(Canadian Press Despatch)

Rome, Oct. 9.—A rigid censorship has been placed by Italy on all press despatches, and not a line is allowed to get through. This is taken to be a token that important developments are on.

Seige Proclaimed

Every port in the south of Italy has been declared in a state of seige while the embarkation of 40,000 men is taking place. These are supposed to take the field at Tripoli. The men are going in two divisions. The main body of transports are at Palermo.

Italy Offers Terms

In a note to the Powers, Italy has stated the terms on which she is willing to cease hostilities. She has expressed a willingness to pay Turkey a reasonable indemnity to allow Italy to set up a protectorate over Tripoli.

Making Show of Resistance

Constantinople, Oct. 9.—An influential member of the committee of union and progress stated to the Associated Press today that he realized that Turkey had

been forced by untoward measures to submit to the Italian proposal to evacuate Tripoli, but that on account of the fanaticism of the people a show of resistance had to be made. At present, there are only 93 deputies in Constantinople, a number insufficient for a quorum, but as soon as the requisite 140 members arrive, the chamber will be convened.

GERMANY MENACES WAR AGAIN

England Learns that Italy Has Ceded a Coaling Station on the Red Sea to Germany Whose Attitude is Now Defiant—London, Paris and Berlin Greatly Excited—Moroccan Issue is Opened Up Again

(Canadian Press Despatch)

Paris, Oct. 9.—An astonishing change has come over the Moroccan situation. The German tone has suddenly become overbearing, and the French government is seeking the cause.

England Won't Allow It

The report is made that as a price of keeping out of the Tripoli embroglio, Italy has ceded to Germany a coaling station on the Red Sea. The British Government has already taken alarm, and it is said will never allow Germany to obtain such a station on the British route to India.

German Emperor Defiant

It is stated that the Kaiser has

thrown his weight on the side of the Colonial Secretary De Lindquist, whose mind is set on a vast German Empire, and who has threatened to resign unless the French proposals are rejected.

London Excited

London, Oct. 9.—Great uneasiness is felt in London over the acute turn to the Moroccan situation. The markets closed under depression on Saturday and the public were unable to locate the cause, which it is now known was due to the crisis.

Berlin's change of attitude is said to be due to Italy's sudden action in Tripoli, for which the

Kaiser was negotiating. Rome precipitated the war when she found the negotiations were almost completed.

The latest note is unpublished, but Berlin's reply is known to be exceedingly overbearing. The delicacy of the situation is shown by the activity of the Foreign Office, also at the French Embassy where the usual week-end relaxation is absent.

FRENCH ARE ALARMED AT SUCCESSIVE ACCIDENTS

It Has Now Come to Light that Fires Broke Out on Two Other Battleships at the Time the Liberte Blew Up—Public are Mystified

Toulon, Oct. 9.—Considerable uneasiness is being felt here over the strange succession of misadventures that have befallen French naval vessels of late, and many people are inclined to attach sinister importance to it.

It is confirmed that fires broke out on the battleships Petrie and Suffren on the same morning that the Liberte was destroyed. This adds to the general mystification.

The damage done to the Democratic by the explosion has been found to be more serious than at

first thought, and the vessel will be dry-docked. Divers have found a large steam launch sunk between the armored cruiser Potauzu and the battleship Massena.

The following serious accidents have happened during the past two weeks: September 20, cruiser Gloire, gun explosion, Toulon; September 25, battleship Liberte, explosion at Toulon; September 27, torpedo destroyer Mouzelon, damaged in collision.

KING MANUEL IS DEFEATED IN PORTUGUESE CIVIL WAR

Royalist Troops Repulsed near Badajos After a Stiff Battle—Were Beaten by Republican Army in Attempt to Recapture Lisbon

(Canadian Press Despatch)

London, Oct. 9.—It is reported here that King Manuel with his troops was defeated in Portugal yesterday. The statement was given out at his residence at Richmond that Manuel was in the house but the truth leaked out. The residence is heavily guarded. The police, visitors and reporters are not allowed to linger. Reports from Spain say that losses on both sides were very heavy.

Badajos, Oct. 9.—The Portuguese republicans were not altogether victorious in their battles with the Royalists according to a news courier. He said the Royalist forces were met and defeated but by no means routed, and are strongly entrenched now. The Royalists are holding Virhost and Alameda, but were beaten in their

attempt to advance towards Lisbon. They are now entrenched at Braganza.
