MISTAKES WILL HAPPEN

The couple who thought it was a masquerade!

YOU MAKE 200 MISTAKE WITH ST. CHARLES

CAN YOU blame friend husband for giving her that dirty look? It took him hours to get himself up like that - rather fancied himself, too - and now it seems as if the little woman had mixed up the invitations, and it wasn't that kind of a party at all!

Invitations to use evaporated milks sometimes look alike, too-but when you accept our invitation to use St. Charles, you know exactly what to expect. In St. Charles you get extra-fresh, full-cream country milk, evaporated to double richness and irradiated for extra Sunshine Vitamin D. All the flavour and freshness are safely sealed for your convenience. It's extragood in every one of your favourite recipes that call for milk, and it creams your coffee or tea, to a golden, steaming fragrance that makes every cup taste better.

We hope our invitation is clear! But, so that you may be quite sure of making no mistake, always look for the "Gold Cow" on the label every time you order evaporated milk.
