NEW STAR ON SCREEN

Simone Simon, Vivid Young French Personality, in "Girls' Dormitory"

Simone Simon, sensational French-born European screen star with a strange and unusual personality, makes her debut in an American picture with the presentation of the mid-week feature offering "Girls' Dormitory" on the screen of the Capitol Theatre here. Other principal members of the cast are Herbert Marshall and Ruth Chatterton. The story of "Girls' Dormitory" is concerned with an exclusive finishing school attended only by the daughters of the very rich. The school teaches everything but the real things of life. The film is a dramatic, realistic portrayal of a young girl's first love. The fight for the happiness that only love can bring is the basis of the poignant story.

The second picture of the mid-week double bill is another of the popular Charlie Chan detective mysteries featuring Warner Oland. In "Charlie Chan at the Race Track," the famous character of Earl Derr Bigger's stories, encounters the strangest and most baffling case of his career. As suggested by the title, activities of the race course form the background for the story.
