CHINA AWAKENED AT LAST, DEMANDS REPUBLIC

TO OPPOSE RE-ELECTION OF HON. L. P. PELLETIER

Newly Appointed Postmaster-General May Have the
Fight of His Life to Hold His Seat in Quebec
County—Dissatisfaction Felt Over the
French Representation

(Canadian Press Despatch)
Quebec, Oct. 13.—H. R. H. the
Duke of Connaught, the newly
appointed Governor General of
Canada, arrived at Quebec Harbor
last evening on the liner Empress
of Britain.

A large concourse of people
were waiting at the wharf when
the vessel pulled in, anxious to
catch a glimpse of their Royal

Highnesses, but to their great
disappointment they did not ap-
pear on deck.
The Royal party will remain in
their cabins until this afternoon
when the official landing will take
place, and the swearing in cere-
monies will be gone on with. They
will then proceed to Rideau Hall
to take up their official residence
and prepare for the opening of
the new parliament.

LATEST NEW ENTERPRISE

Bright Young Men Arrive to
Open New Specialty Hard-
ware Store.

Newly graded as it is and with
the new broad plankway built on
both sides of the business section
Third avenue is attracting new
businesses already. A bright new
hardware establishment is to open
up close to Fifth street corner. It
will prove specially attractive to
home furnishers. The store is to
be opened about November 1st
by Messrs. Frank Miller and A.
Carrigan, two young men from
Seattle experienced in the com-
mercial travelling line, and well
known in this district.

They will specialise in domestic
hardware, kitchen furnishings par-
ticularly, as light shelf hardware,
glassware, tinware, and all the
little things the home maker and
housewife like to select personally.
Mr. Frank Miller has just left
for Vancouver to purchase the
stock and Mr. Carrigan is pre-
paring to receive it. Both boys
have "cottoned on to" Rupert and
are here to stay and make good.

Improved Wharf

F. M. Davis, of the boat, wharf
and marine repair station, has
returned from a few weeks' business
stay in Seattle. Mr. Davis has
now completed the construction of

the new safe gangway to his boat
stage and it is now safe and com-
fortable of access to all. Strong
railings guard ladies and children
from the least chance of a slip.

STARVING ON HIGH SEAS

Religious Fanatics in Yacht
Making Signals of Distress

New York, Oct. 12.—The steam-
er Lapland which arrived last
night from Antwerp, sighted on
Friday afternoon flying the signal
"Short of provisions; starving,"
the schooner yacht Coronet, owned
by Frank W. Sanford, leader of
"The Holy Ghost and Us" sect of
Shiloh, Maine. The Lapland
supplied her with a boat load of
provisions, but the steamer's offi-
cers were unable to learn the cir-
cumstances which caused the Co-
ronet's predicament. The Coronet
had on board twenty-three persons.
As far as they could learn the yacht
was bound from African ports for
Portland.

Captain J. C. McLeod is here
visiting his son, Mr. Jarvis Mc-
Leod of the Customs department.
Captain McLeod is a well known
pioneer navigator of the Great
Lakes and has many friends here
and in the north.

NEW CHURCH OPENED WITH CONGREGATIONAL BANQUET

Presbyterians Celebrated Last Night in Their New Building
—Congratulations Were Freely Offered and an
Evening of Good Fellowship Was Spent

Just to make it very clear that
it is their intention to "wax and
grow fat in the land" as the
Scriptures would say, the Presby-
terians opened their new church
building on Fourth avenue, near
McBride street, last night with a
banquet. Three long tables stretch-
ing from end to end of the new
building proved inadequate to seat
all who came, and a few had to
have a second sitting. In point
of attendance along the gathering
was a great success.

But the feast of spirit and flow
of soul that followed overshadowed
the mundane commecement.
Toasts and song and speech, and a
general atmosphere of good fellow-
ship contributed to the greater
success of the banquet, the speakers
including Mr. George R. Naden,
Mr. Fred Stork, Mr. D. McLeod,
Mr. D. C. McRae, Mr. F. G.
Dawson, Mr. Gamp, Mr. J. S.
Cowper, and Rev. F. W. Kerr.
The musical part of the programme
was provided by the Prince Rupert

Orchestra, with vocal solos by Miss
Glahom, Mr. T. G. Davey, Mr.
Alex. Clapperton, and a flute
and violin duet by Miss Barker
and Mr. Froud. Miss Froud
assisted at the piano. Quite the
feature of the entertainment was
the humorous duet, "The Rival
Lovers," by Messrs. Davey and
Clapperton, which provoked boister-
ous merriment.

The church managers were freely
commended for their foresight in
selecting the excellent site the
church now enjoys, and for their
economical management of the
building fund. The plans were
donated by Mr. W. L. Barker, and
many of the congregation gave
service of evenings in the building
of the new church, so that the out-
of pocket is only a matter of cost
\$1,400.

Special praise was tendered the
Ladies' Aid for their service in
collecting funds and in helping
toward the general success of the
various causes of the church.

OLDEST MASON DEAD

Samuel Dolson of St. Cath-
erines Passes Away—Was
Aged Ninety-three.

(Canadian Press Despatch)
St. Catharines, Oct. 13.—Samuel
Dolson died here today, aged
ninety-three. He was famous as
the oldest Mason and Independent
Oddfellow in Canada. He joined
the Masons thirty years ago.

By the Prince Rupert this morn-
ing there left for the south about
forty first class and forty-five
second class passengers.

THE DUKE OF CONNAUGHT HAS ARRIVED IN CANADA

Reached Quebec Last Night on the Empress of
Britain—Large Crowd of People Who Gath-
ered Were Disappointed at Not
Seeing Him on Deck

(Canadian Press Despatch)
Quebec, Oct. 13.—It is alto-
gether likely that very strong op-
position will be offered to Hon.
L. P. Pelletier, the newly appointed
Postmaster General when he offers
himself for re-election as member
for Quebec County next month.

The Liberal organ here has
threatened the Minister with a
strenuous fight. The Liberals here
are very much dissatisfied with

the French Canadian representa-
tion in the Borden Cabinet, and
will count on that dissatisfaction
in the coming contest.

Hon. Mr. Pelletier only gained
a victory over his opponent J. P.
Turcotte by a slender majority,
and if serious opposition is made
his re-election is by no means
assured.

REVOLUTION BREAKS IN CHINA

Rebels Joined by Soldiers Rise and Demand That China Set Up a
Republic--Are Joined by Whole Provincial Assembly---
Want Dr. Sun Yat Sen as President---Battle
Between Wu Cheng Forts and Cruiser

(Canadian Press Despatch)

Hankow, China, October 13.—The revolution that has been hanging over China for
several months in which the rising in the province of Sze Chuen is only a small part has
begun in real earnest. It is a concerted movement to shake the Empire and declare it
a republic.

A CHINESE REPUBLIC

If the plans do not mis-carry the noted exile and revolutionist Dr. Sun Yat Sen,
the leader of the anti-Manchu party, will be elected President. His brother who is now
in Hankow has been elected President of the provincial assembly. The whole assembly
has seceded from the Imperial government, and the rebels are well organized and finan-
cially strong.

A WIDESPREAD MOVEMENT

Thousands of soldiers have joined the revolution. The prisons have been opened
today and all criminals liberated. Orders have been issued that the lives of all foreigners
are to be protected. There has been a sharp exchange of shots today between the Wu
Cheng forts and a Chinese cruiser.

BIG GUN BOOMED

Bottom of One of Battleship's
Boats Fell Clean Out—Port-
holes Fractured and Skylights
Shattered—Men Wore Wool-
padded Earlaps.

London, Oct. 13.—(Special)—
The battleship Orion's 13.5-inch
guns have been tried with re-
markable effect. So tremendous
was the concussion that windows
were shaken in Southsea, ten miles
away. The structure of the ship
well withstood the test and showed
no damage.

All those engaged in the firing
operation wore wool-padded ear-
laps. Hardened glass skylights
and portholes were badly fractured,
and the coverings of canned goods
in the ship's stores burst, and
much crockery was smashed.

The decks were not buckled by
the blast, thanks to the manner in
which they were specially streng-

thened, but the bottom of one of
the ship's boats fell clean out.

WILL BUILD BIG STOCKYARDS

Three Big Western Railroads
Have Bought Big Acreage at
St. Boniface for Stockyard
Site.

(Canadian Press Despatch)
Winnipeg, Oct. 12.—After two
years' negotiations, the three big
Western Canadian railways, the
C. P. R., C. N. R., and G. T. P.,
have agreed on the purchase of
215 acres in St. Boniface across
the river from here. On this site
they will proceed to erect large
stockyards. The Government will
aid to the extent of a quarter
million dollars.

SANK HER HELPER

Steamships Collide. Whole
Crew Drowns off Goodwin
Sands.

London, Oct. 13.—(Special)—
The British steamer Hatfield, from
Huelva, Spain, for Rotterdam,
was in collision with the British
steamer Glasgow, from Rotterdam
for Dundee, and sunk. All the
members of the Hatfield's crew,
numbering about twenty men,
were drowned. The Hatfield had
gone to the assistance of the
Glasgow, which had broken her
steering gear and had signalled
for assistance. The Glasgow was
picked up by another steamer and
towed into the harbor at Dover.

The S.S. Celtic with a full
cargo of coal for Messrs. Rochester
& Munro is delayed for a few days.
She ran ashore near Vancouver
on the northward trip but was got
off easily.

ABANDONED MT. ROBSON CAMP

A. O. Wheeler, F. R. G. S.,
director of the Alpine club of
Canada, has just returned from
the Yellow Head Pass, in the
neighborhood of which he spent
the past three months. Wheeler
was in charge of a party which
went north on July 1, for the
purpose of making a topographical
survey of the Yellow Head region.
The party made a circuit of 100
miles around Mount Robson and
made complete maps of the en-
closed area. Travelling with them
were several scientists representing
the Smithsonian Institute of Wash-
ington, who were commissioned
to make a study of the fauna of
the region and who secured over
800 specimens. Mr. Wheeler states
that the Alpine club will be
obliged to abandon the idea of
holding next season's camp in
the neighborhood of Mount Robson
as he found that the difficulties
of such an undertaking would be
too great owing to the lack of
trails and transportation facilities.

THE COST OF NAVIES

Great Britain to Spend More
Than Ever This Year. Es-
timates \$75,000,000

The British naval estimates for
this year are exceedingly large.
It is the intention to appropriate
\$75,000,000 for new construction.
This sum of money will provide
five Dreadnoughts, three protec-
tive cruisers, and a number of
torpedo boat destroyers and sub-
marines. News also comes which
says Austria-Hungary is to spend
within the next few years \$75,-
000,000 in naval construction, and
this is regarded as peculiarly sig-
nificant inasmuch as Austria-Hun-
gary is Germany's ally. At the
present time British tonnage is
436,000 tons; that of Germany is
297,080 tons; and the United
States is in the next position with
136,000 tons.

REMEMBERED THE MINISTER WHO HAD MARRIED THEM

Mr. and Mrs. George Farren of Porcher Island, Send the
First Fruits of Their Ranch Over to the Minister Who
Married Them—A Grateful Compliment

About a year ago a young
rancher from Porcher Island knock-
ed bashfully at the door of the
residence of one of the local
ministers. He led with him a
brave maiden who was willing to
go over to the forest and stand
by his side as he carved out a
home for them.

Yesterday there came to the
minister's house a huge parcel
with "The compliments of Mr.
and Mrs. George Farren." The
parcel contained the hugest and
cleanest samples of all kinds of
vegetables, all of which have been
grown on their own little farm
at Refuge Bay. Onions and tur-
nips, carrots, cabbage, preserved
fruit—all were there—and there
are going to be some excellent
bachelor meals in the minister's
cabin for the next few days.

The News would gladly give
the name of the bachelor minister,
but is afraid that it might be
crowded out in the rush for the
good things. The only hint we

will give is that he is Scotch, and
kept them away from the banquet
table at his kirk last night.

The thank offering is good evi-
dence that the marriage has turned
out to be a very happy one to the
young couple.
