ROAD MAINTENANCE

Prince Rupert provincial electoral constituency has the smallest mileage of roads to maintain in the province and the result is that the amount spent in maintenance small, only \$12,000 this year, a fair enough share considering the mileage. All the road we have to maintain is the small mileage from the city to Cloyah Bay. This is practically new highway and needs little money spent on it. There are fifty or sixty miles, perhaps, on Queen Charlotte Islands and a few other little items such as Porcher Commercial Bowls Island, Port Essington and Port Simpson. The roads in the cities and municipalities are kept up by the city or municipality.

What Prince Rupert needs is more highway to keep up. Oilers and Three Two Taxi Winners Once the road is built through to Terrace, the upkeep will become heavier. Most of the money expended on that highway now is for new construction, not maintenance.

EXPECTING VISITORS

Prince Rupert is expecting visitors next week. That tition on a handicap basis in the does not mean that the city is going to hear particularly commercial Bowling League. High for the time when something will be doing in the city industrially. For that week at least let us forget any hard as follows: Bankers vs. Watts Grofirst tournament triumph since good news or bad. It simply is one step in the preparation average scorer for the evening was luck stories and if we are not really cheerful let us at any cery; Biological Station vs. Cana-his retirement? Will the amateur rate assume a cheerful attitude as an inspiration to our dian National Recreation Associa- Lawson Little give the pros visitors.

JASPER ON ATHABASKA

A correspondent wishes to know if Jasper is on the Athabaska River. It is. The river runs through the park and within a few yards of the village. The Athabaska River does not run through what is known as Athabaska Pass, the route followed by the original fur traders. Jasper Lodge is on a little lake very close to the river.
