DAILY EDITION

DANGER TO CHILDREN Driving a car in Prince Rupert is fraught with great berta, in which he played a part, danger, not so much to the driver and the car as to the he outlined the situation which children that block the highways and refuse to budge even confronted Canada in the fall of minton: when the driver of the vehicle sounds his horn in no uncer- 1930 and since that time. Policies Prince Rupert tain manner. Numerous complaints are being made but nobody knows what to do about it.

We are not now referring to the toboganning or sleigh- ing restrictions were in effect. To Catholic riding on the streets. We realize that this is dangerous those disadvantages was added but not so dangerous as the habitual negligence and carelessness of the children. Many of these youngsters are very small, well below school age. They usually, if in a adian farmers have had to comcrowd, divide in such a way as to make it difficult for a pete and find a market. Despite Musketeers Take car to pick its way through without injuring someone. such world conditions there have The children seem to vie with each other to show how daring they can be.

Many people have expressed the view that accidents are prices would reduce production Rex Bowling Alley, C. N. R. A. And bound to happen here some day. They have happened in and thus reduce supply to effecthe past but not recently. It seems to be sheer luck that tragedies have been averted.

It is true that some drivers of autos go too fast and are ulative 'open futures market' and not sufficiently careful, but it is not these that seem to be the foreign importers." the most danger. Directly a driver exercises some care the children take advantage of it and encroach more and more on the centre of the streets.

We know that in many cases the street is the only place the children have to play but that does not at all excuse system." This system would be the foolhardy daring which makes it very difficul to drive. all right if it works only when world We feel it our duty to issue this warning. It is useless to conditions make it possible for sound it after some tragedy has occurred. Only a few to function. The world had not days ago a driver of a car complained that at Seal Cove enjoyed such conditions in some children tried to clamber on to his rear fender as he was years. There can be no world coming up the hill.

We hope that parents and others who have children in lated by sibsidies and not by their care will warn them of the danger of the way they price. are acting.

AIRWAYS ADVANCEMENT

It is announced that the amount of mail carried by air- big professionals who are said to planes in Canada last year is just about double that for buy hedges and make a market for the year 1934. Much of this was taken to the mining areas. wheat. I have often wondered This marks a distinct advance in the use of the given level where these great benefactors This marks a distinct advance in the use of the airplane have been operating during the for carrying mail. Passenger traffic dropped off a little past five years Certainly no during the year.

DEFENDS POLICIES

(Continued from Page 1)

they are almost certain to carry through existing Grain Exchange channels until the end of each season.

"Therefore, the board in practice is obliged to sell through the exchange. It cannot buy wheat through the exchange; it can sell VANCOUVER only, and so its operation on the exchange must always have a tendency to depress values. The blackboard registers prevailing prices, and short sellers may as-sist in driving these down. The Defeats Portland to Move Into Tie Defeated Maple Leafs Last Night only defence available to the board is to refuse to sell at the quoted figures. If they persist in selling then they must accept the one hand tied.

"The Grain Exchange claims the small speculator is an embarrassment to the open futures market, and they highly recommend the around Winnipeg when wheat wa selling at 40 and 10 cents nor any other time when they wer needed since 1930.

"I am of the opinion the bene ficent big speculator is a more or less legendary hero. Consructive hedge-carrying speculators in years gone by have in fact been the great public consisting at times of tens of thousands of people in all walks of life, if the truth were known. They, generally speaking, were the burden bearers of the hedges and only too frequently the losers. On the other hand, the so-called professional speculator has far too often been an opportunist who preyed upon the great public."
