CHAMBER IS BUSY

(Continued from Page 1)

certain assistance in the matter of providing quarters in the public library building and obtaining concessions in connection with insurance. The museum, with much on hand including the \$3000 Hyde collection as well as fisheries, mineral, timber and native art exhibits, had no dearth of material but proper accommodation was a problem. The Carnegie grant could be used in that connection. The obtaining of a custodian had, however, to be financed and it was to raise funds for this purpose that the assistance of the Junior Chamber was particularly sought with the suggestion that a membership drive be undertaken.

City Commissioner W. J. Alder referred to the value of the museum as a tourist attraction.

Following discussion, the matter was referred to a committee with authority to go ahead with a drive for the sale of membership tickets.

Better Mail Service
The desirability of endeavoring to obtain a four mails a week service the year around on the local railway line was brought before the meeting by Jack Bulger. If a subsidy for four mails a week could be obtained, it would, undoubtedly, result in four trains a week being operated in each direction the year around. Mention was made of the intention of the railway company to operate four full passenger trains a week in and out of Prince Rupert this summer and the general speeding up of the service all around

with trains leaving here for the east in the mornings instead of in the evenings. It was decided to take the matter up with the Senior Chamber.

James Parker suggested the possibility of obtaining federal assistance for the local highway construction. This was another matter which it was felt should be taken up with the Senior Chamber.

S. J. Jabour reported on having conferred while in Vancouver recently with Clive Planta, M. L. A. for Peace River, on the matter of the sponsorship by the Junior Chamber of an essay contest by school children of the Peace River Block on the subject "Prince Rupert, the Logical Outlet for the Peace River." Mr. Planta is interesting himself in the matter which is now being taken up with William Plenderleith, school inspector for the Peace River, and other local authorities there. The proposed grand prize is a trip for the winner of the contest to Prince Rupert at the time of the fall carnival. Mr. Jabour mentioned that Mr. Planta had felt that it might be some time before a railway outlet could be obtained for the Peace River. In the meantime, the outlet movement seemed to be in the direction of a road.

Recreational Centre

The meeting lauded the provincial government for having opened the recreational and physical education centre here and urged that every support be given this project. The provision of showers was an immediate need and it was felt that a residue from the Diamond Jubilee of Confederation celebration fund might be obtained for this purpose. City Commissioner Alder mentioned that the local centre was bidding fair to become the largest in the province in point of attendance. If interest was maintained, Foster Willan said, it was likely to develop along substantial lines with the possibility of a swimming pool being ultimately obtained.

Trevor Williams, secretary, gave the meeting an interesting talk on the subject of "Functions of Junior

Chambers of Commerce." There were two general lines of activity—one in the way of campaigns of service to the community and the other, self-education of members. The speaker described the activities of the Vancouver and Montreal Junior Chambers which typified the respective lines of endeavor. In Prince Rupert, the smallest city in the country to have a Junior Chamber, the campaign type of work was featured.

It was reported that a profit of some \$75 was estimated from the recent snowball frolic.

Alder Appreciative

Speaking briefly, City Commissioner Alder congratulated the Junior Chamber on its continued vigor and enthusiasm. It was refreshing to attend the meetings. Mr. Alder intimated that he had received certain books from the University of British Columbia extension service on economic subjects which the members of the Junior Chamber might avail themselves of.

The meeting was informed that there were no new developments in connection with the projected international yacht race from Puget Sound this summer or in connection with the move to have either the steamer Givenchy or Malaspina stationed here for coastguard service.

It was reported that T. W. Workman of Vancouver was carrying the proxy of the local chamber at the annual convention of Junior Chambers of Commerce being held this week in Toronto.

Further steps are being taken with marine and meteorological authorities with a view to broadcasting local weather reports for the benefit of the fishing fleets and others at sea. A communication on the matter was received from F. Napier Denison of Victoria.

T. H. Johnson, who recently left the city, had a letter before the Chamber expressing appreciation for the conferring upon him of a life membership. He would continue to follow the work of the Chamber with much interest.

It was decided to send a wire of congratulation to G. P. Lyons, an active member, who was married yesterday.

Congratulations were extended to Lee Gordon in view of the recent news of his engagement to Miss Marjorie Blance.

Len Cripps was added to the committee on radio.

Max Asemissen was welcomed as a new member.

WHIFFLET'S

From the Waterfront

Union steamer Catala, Capt. James Findlay, returned to port in good time at 8:30 yesterday morning from Stewart, Anyox and other northern points and sailed at 1:30 in the afternoon for Vancouver and waypoints. The vessel had a rather light passenger list.

With a very fair sized list of passengers, C. N. R. steamer Prince George, Capt. H. E. Nedden, arrived in port on time at 10 o'clock this morning from Vancouver, Powell River and Ocean Falls and sails at 4 o'clock this afternoon for Vancouver and waypoints whence she will return here tomorrow evening southbound.

Northland Transportation Co.'s motorship Northland, Capt. Len Williams, arrived in port at 2 o'clock this morning from Ketchikan and, after discharging two carloads of frozen fish for transshipment east over Canadian National Railways, sailed in continuation of her voyage to Seattle.

PICTURE IS IMPRESSIVE

Tale of British Officers in Arabia During Great War Told In "The Last Outpost"

The courage and loyalty of British officers in the face of grim warfare in the Arabian deserts and jungles during the World War feature the spectacular drama "The Last Outpost," starring Cary Grant, Claud Rains and Gertrude Michael, which comes to the screen of the Capitol Theatre here this mid-week on a double bill along with a romantic comedy "Every Night at Eight," with George Raft in the leading role.

"The Last Outpost" is an impressive picturization of the conflict arising between the Turks and the British Army in Mesopotamia during the Great War. Two British officers in different services meet under strange circumstances and their adventures lead them into many dangers including thrills and romance. Unaware that he has fallen in love with his friend's wife, Gertrude Michael, who acts as a nurse in a Cairo hospital, Grant takes steps to find the man she does not love and has not heard from in three years. Rains resolves to track him down and kill him. They meet again in a deserted fort in the interior and there, in a tense, dramatic sequence, Rains has to decide whether he will leave Grant to the mercy of the natives or to die in a seething forest fire.

"Every Night at Eight" concerns a group of young singers who try out on an amateur radio program. They at first meet with dismal failure but, in an interesting story, eventually achieve success. Besides Raft, the cast includes Alice Faye, Patsy Kelly and Walter Catlett. There are a number of song hits.

Jiggs Supper Is Successful

Enjoyable Affair at First United Church Last Night

The annual Jiggs' supper, held under the auspices of the men of First United Church last night, was, as usual, a very enjoyable and well attended affair.

Corned beef and cabbage was the main course of the supper and the preparing, cooking and serving was done in an excellent manner by the men.

Following the supper there was community singing led by J. S. Wilson and solos were given by Dr. R. G. Large and J. S. Wilson. W. Vaughan Davies was pianist for the evening.
