WATERFRONT WHIFFS Weather on Halibut Banks Bright and Fine But **Rough and Cold—Heavy Landings Depress Prices—With Experimental Station Staff** Bright and fine but cold and rough weather has attended operations on the North Pacific halibut banks during the first fortnight of the 1936 season. Fishing returns have been quite satisfactory on the whole although a number of the boats had to return from their first trips. with short catches owing to mechanical troubles or illness of members of their crews. Early April, however, sees the fleet set- guess who it was. Maybe some

know.

The story is told of a well known The big lighthouse tender Estelocal halibut fishing boat and van, Capt. Harry Bilton, was here skipper-we mention no names to during the week to carry out cersave embarrassment—which left tain heavy work among aids to port a few days ago for a trip to navigation in this district, now the banks and, calling at the bait camp at Butler's Cove, found that incapacitated as a result of her rethe roller had been left behind. Af- cent stranding. ter two days, the vessel crept very quietly back into port and, in order to save merriment at its ex- catches, Canadian halibut fares at pense, tied up at the elevator, put the port of Prince Rupert for the up the equipment and slipped out week ending yesterday reached the
