### Living Without Credit

Many people, especially financial experts, seem to think Alberta is in the soup because the credit of the province makes it impossible to borrow money. That may be a worry to possible lenders but it should be a good thing for Alberta in preventing that province from spending money it does not have.

Prince Rupert is in a somewhat similar position. The credit of the city is not good enough for borrowing so we must do without things we cannot pay for. That is probably a good thing for the city. Alaska cities have been in that position, yet it was possible for them to build their own schools, taking up the bonds themselves instead of going outside for the money, just as Vancouver put up the money for the new city hall.

Unrestricted credit is often a bad thing for any community. It will be several years before Prince Rupert is able to go to the money markets for funds, even if the present plan of close financing is kept up and the city is not suffering from inability to borrow.

With the money markets of the world closed to Alberta, the most the province can do is to spend her own money and that she has a right to do as long as she does not interfere with the other provinces. Refusing to meet her obligations with the outside simply cut her off from outside supplies for public purposes. Why should we worry? Why should she?

### Why Cheerful

Prince Rupert people are cheerful today because of the prospects. Plans being made for the city include a new post office, an ore sampling plant, improvements and additions to both big cold storage plants, the establishment of a pulp mill in the city, building of a naval reserve headquarters, increased shipping through the port including grain shipping, mining development in almost every direction, other possibilities not yet announced. This should be enough to make everyone expectant to say the least. It also seems likely that home building will re-commence on a small scale next year and that will set a good many people to work.

We loan you free a complete Home Permanent Wave Machine for 3 months. All you need do is send \$3.00 to cover the cost of shipping and the oil for 6 complete Permanents. Will not harm the finest hair. Any one can guarantee a perfect wave with this machine. No electricity or experience needed.

When you have used these supplies more oil can be obtained from us at fifty cents a permanent.

### His Backache Was Unbearable

Kruschen Brought Him Relief  
From Pain

This man of 31 was prematurely aged by backache, when he should have been enjoying the best years of his life. Here he tells how Kruschen helped to restore him to health, after months of pain:—

"I was in hospital for ten weeks, owing to kidney trouble. When I was discharged I felt like an old man, although I am only 31. If I stooped to do anything it was agony to straighten up again. Several people advised me to try Kruschen Salts. I tried them and found they gave me relief from pain and I felt better in every way. I cycle 28 miles a day to and from work, and shall keep up the daily dose of Kruschen because I can now do the journey to and from work and not feel any the worse for it."—S.V.C.

When the internal organs cease to do their work properly, impurities begin to accumulate in the system, and cause troublesome symptoms. Kruschen Salts help to stimulate the liver and excretory organs to healthy, regular activity, and thus assist them to rid the system of harmful impurities.

### Baptist Tea And Sale is Enjoyed

Newly Re-decorated Church Parlors Scene of Affair Yesterday Afternoon

In the newly re-decorated church parlors, a very enjoyable tea and sale of home cooking was held yesterday afternoon by the Ladies' Aid of First Baptist Church.

General convener was Mrs. J. A. Lindsay and the guests were received by the president, Mrs. Norman Fraser, assisted by Mrs. F. W. Daffoe, wife of the pastor.

Mrs. George Hibbard was in charge of the tea room and Mrs. W. W. Wrathall and Mrs. P. H. Linzey poured. Servitors were Mrs. Gus Berg, Miss Kay Watson and Miss Wick. The tea tables were tastefully decorated with autumn colors.

Mrs. H. M. Daggett was in charge of the home cooking table assisted by Miss Aileen Hamblin. During the afternoon there was a brief but acceptable musical program which included piano selections by Mrs. J. C. Gilker and Miss Aileen Hamblin.

### Pirate Story Is Enjoyable

Anglican Young People Entertain  
Those From United Church

Last evening the Anglican Young People's Association entertained the non-denominational Young People's Society of First United Church at a pirate party held in the hall of the Anglican Cathedral. About eight o'clock two pirates appeared at the United Church, captured the guests and escorted them to the pirate's den in the Cathedral Hall which was effectively decorated for the occasion.

The evening started off with the singing of some rousing old sea chantees. A treasure hunt was organized, the treasure being found in a skull by Johnny Murray and Bert Bartlett. Games and dancing were enjoyed throughout the evening. Robert Verbergh told a very breath-taking story "The Mask of the Red Death" by Edgar Allan Poe. Maurice Davey insisted Joe Landry had trodden upon his toe and challenged Joe to a duel which was duly fought and which proved highly diverting. The guests were made to walk the plank, blindfolded, and jump over a pan of water, just before supper, which was served at 10:30 p.m. Joe Landry was an able master of ceremonies.

Father Anthony Meulenberg, parish priest of the Roman Catholic Church at Stewart, sailed yesterday afternoon on the Prince Rupert on his return north after spending a few days in town.
