DEMAND FOR PULP

A recent dispatch from the east to southern newspapers told of the shutting down of a rayon plant at Sherbrooke, Que., and many people here took this to mean that there was not sufficient demand for rayon at profitable prices. A later dispatch says that the mill at Sherbrooke reopened and most of the employees have been taken back after being out for five days.

Evidently, the closing was intended as a gesture against the flooding of Canada with cheap Japanese rayon goods but it was found that these goods were not sold as cheaply as was expected they would be so the gesture was unnecessary. It was, evidently, intended for political purposes to influence Parliament against giving Japan too low a tariff and had nothing to do with the demand for bleached sulphite pulp, which it is proposed to manufacture at Prince Rupert. Financing of the project here is said to be proceeding steadily, even more rapidly than the promoters hoped, so that action should be taken locally this spring.

DIFFERENCE OF OPINION

The medical profession came out strong in opposition to the Health Insurance Act proposed by Hon. George M. Weir, minister of health, claiming that it would be seriously handicapped under the act. Now the chiropractors, led by Dr. Walter Sturdy of Vancouver, are calling on Dr. Weir to resign because his proposed legislation would give the medical profession a monopoly. His final words in a recent address were reported to be "The medical profession will have you under its domination, body and soul."

UNION STEAMSHIPS, LIMITED

Special Low Winter Excursion Rates effective November 1st, 1935 to February 29th, 1936. Prince Rupert to Vancouver and return \$32.00.

'SPORT'

THIS GAME WAS GREAT

S. D. Macdonald and W. M. Brown
Saw New Zealand All Blacks
Beat Victoria

S. D. Macdonald and W. M. Brown, while in Victoria last week, had the rare privilege of attending the rugby game on Wednesday between New Zealand All Blacks and Victoria Reps, the tourists winning by a score of 27 to 3.

Spearlike drives of lightning fast insides, ably buttressed by speedy support, completely baffled the Crimson Corsairs of the provincial capital who made their lone points on an early try by Doug Peden. The Victorians, nevertheless, played an admirable game before a record crowd of 5,600 fans.

Skating is Enjoyed Here at Week-End

Salt Lakes, Morse Creek And Oliver
Lake Draw Crowds

With the return of cold weather, skating was again enjoyed here at the week-end. Yesterday afternoon saw a number of parties off to the Salt Lake, Oliver Lake on the highway and Morse Creek also drew substantial crowds. The snowfall which started yesterday had not been heavy enough up to this morning to interfere with skating.

SPORT CHAT

Junior Moose and High School will raise the curtain on tonight's basketball card. It should be a good game as the teams are tied at the top of the league. The Grottettes and High School tangle in the Ladies' League. These teams put on an overtime game a while back. Will they repeat it tonight? The Canadian Legion-Scythians battle in the Intermediate League should be a good game with the Scythians the favorites to win as the Legion has lost Armstrong and MacPhee. The Grotto and Moose clash in the senior circuit and the fans can be sure of a real game as both teams are going to be in there fighting to increase their lead in the race for the second half honors.

As a result of the two to one victory at Calgary on Friday night of the Calgary Tigers, tail-enders, over the Edmonton Eskimos, who were tied with the Seattle Sea Hawks for third place, only two games separated the cellar-dwellers in the Northwestern Hockey League standing from the top teams, the Vancouver Lions and Portland Buckaroos being tied for supremacy. It is one of the tightest races in years in the western pock circuit and all five teams are very much in the running for the season's honors.

CENTRE IS EXPERIMENT

Whether or Not Recreation And Physical Education Classes Continue Depends On Interest Shown

"The provincial government has opened the recreational and physical education centre in Prince Rupert at the request of progressive citizens of the community. It is in the nature of an experiment to see what use the public will make of it. If at the end of March when we close down, these centres not being operated during the summer, it is found that interest has been sufficient, it will be resumed in the fall. If, on the other hand, interest is not sufficient, it will be closed down. It all depends upon the response and this is up to the citizens."

So declared Paul Kazoolin, director of the newly established provincial recreational and physical education centre here, in speaking during the Junior Chamber of Commerce radio broadcast last week.

Mr. Kazoolin, whose subject was "Leisure and How to Use It," referred to the shorter hours of work and unemployment. The problem of enforced leisure was becoming a serious one. Turned into wrong channels, this leisure had the possibility of being calamitous. Particularly was it important that the leisure of the younger people should be directed along proper lines. It was largely for this reason that the provincial government had instituted this idea of recreational and physical education. Not only, however, was the idea to provide suitable occupation for leisure time but also to make available proper physical exercise for those requiring it. Mr. Kazoolin told of the progress being made by such centres at other points.

Also on the radio program, Miss Dorothy Rushbrook, librarian of the Prince Rupert Public Library, was interviewed. She showed how the usefulness of the library was at present diminishing through the inability, because of lack of financial support, to keep up the stock of books. She appealed for assistance from all possible quarters. Suitable books, as well as cash, would be welcome.

The weekly radio entertainment program included two skits in which James Parker, C. R. Allum, George Rorie, J. C. Gilker, Thomas Johnstone and Jack Finn took part; instrumental numbers by an orchestra consisting of Johnny Saunders, Julius Welle, William Cwart and Pat Hanley, and vocal duets by Mrs. Frank Glass and Miss Beulah McKinley, accompanied by Mrs. J. C. Gilker.

Lee Gordon was announcer.
