(Continued from page one) as she stands. She is certified to carry deck cargo considerably greater than that on board, as her stanchions for board compartments to hold fish show. Her steering gear has been tested and works all right. She is battened down sufficiently her bunker hatches screwing into place, and her forward hatch being boarded and fitted with a tarpaulin under the coal. I intend to put to sea for Pacofi as soon as I can get a crew."

THE EDITOR'S MAILBAG

Fair Play—Your letter has been handed to the authorities of the church referred to. It is scarcely a matter for the public press.

Inquirer—It is not a fraud unless the representations are fraudulent. Whether it is a good or a bad piece of business for you to have anything to do with, is another matter. Study the contract before you sign it. If you do not clearly understand it engage a lawyer to look into it. The verbal representations would not be binding if they conflicted with the terms of the contract.

BOUNDARY SURVEY

Work of Running Line North Reaches Within Five Miles of Arctic Circle.

J. D. Craig, in charge of the international boundary survey party running the line between Alaska and Canada, who has arrived here from the scene of operations this summer on the Porcupine river, said: "The line was carried practically to the shores of the Arctic Ocean, and the other departments of work were advanced so far that no trouble is anticipated in completing the Yukon-Arctic Ocean section next season. Contrary to expectations, timber and horse food were found in practically all the valleys to within five miles of the Arctic circle. The stock came through the season in splendid condition."

"HIGH JINKS" ENJOYED

Kaien Island Club Had Good Time Saturday Night

In the Kaien Island Club on Saturday night "High Jinks" proved a thoroughly successful and most popular event. The boys turned out in full force and hugely enjoyed themselves. The management had arranged affairs under direction of Mr. J. Roerig for a song and musical programme which was carried out with splendid swing, and the entertainment took the form of a regular "free and easy" group of friends forming circles here and there in the thronged gymnasium and enjoying themselves to the limit. The gymnasium was brightly decorated—a feature being the huge colored programme upon the wall. This programme contained some interesting names of performers, but was itself a huge joke. Some of those whose names stared them in the face as contributors of song or speech had the surprise of their lives on entering the hall. A liberal refreshment service ensured the complete satisfaction of the assembly and the fun did not cease until midnight.

"GEORGE" LAYS OFF FIRST

Captain Nicholson Says the C. T. P. Fliers Will Go to Victoria to be Fitted with Oil-burners.

It has been definitely announced now by Captain Nicholson that the first of the Grand Trunk fast steamships to lay off for the winter season will be the Prince George. She will go into dock at Victoria after the first of November to have a thorough overhauling and to be converted from a coal to an oil fuel steamer. This change will be made at Victoria not across the line, "contrary," as Captain Nicholson said with a smile, "to the idea of the Victoria press which declared that because I happened to be an American I should have the work done in the States."

"After the George has had her alterations and overhauling the Rupert will have her turn, and when completed in this way these two boats will be amongst the fastest on the Pacific Coast. As regards their comfort nothing is to be spared to make them the most attractive to passengers travelling these coasts. We mean to have the Prince Rupert passenger traffic over all competitors, and nothing is to be spared in efficiency of boats or comfort of passenger service to secure this.

"It is planned that the Prince John shall take weekly runs to Stewart, and runs on alternate weeks to Masset, Naden Harbor and Skidegate."

RUPERT CASES AT VANCOUVER Information on the Chinese Cases and Homer Woods Case by Chief Vickers Just Returned.

Chief Vickers who returned from Vancouver by the Camosun in the small hours on Saturday morning mentions that case of procuring against Mah Hung fell through owing to lack of evidence sufficient to convict. Mah Hung was found guilty of stealing and his companion, Dr. Lew, of procuring. In the Homer Woods case brought up at the Vancouver assizes the prosecutor, Alex Mathieson, failed to appear and the case remains hung up indefinitely with a probability that Woods will not be held answerable for either the attempted suicide or the alleged attempted murder. The latter charge was, in fact, dropped.

GIANTS VS. PHILLIES Live Ball Game Tonight—Regular World's Championship A live revival of the enthusiasm for indoor baseball takes place tonight at the Auditorium.
