LIVER BILE-

And You'll Jump Out of Bed in the Morning Rarin' to Go The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas blocks up

your stomach. You get constipated. Harmfu poisons go into the body, and you feel sour. sunk and the world looks punk. A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work them. Ask for Carter's Little Liver Pills by

ELECTRIC REFRIGERATION simplifies Work in the kitchen, too!

Only a woman who does her own home-keeping can fully appreciate the manifold advantages of electric refrigeration. Her first concern, of course, is with the health and comfort of her family. The baby's foods are kept fresh easily in the electric refrigerator. The steady cold is guaranteed. No long waits for a new supply of ice. The freezing takes a definite length of time, so short as to seem like a miracle. No spoilage in these modern refrigerators. Foods are kept clean and pure in the gleaming white porcelain interior. Meats, vegetables, fruits, desserts . . . all ready for instant use. Everything tidy, compact and in perfect condition. Such a small expenditure for all the returns!
