Experts in the Old Country of the ancient British national game are casting appraising eyes over the schedule of matches to be played by Hon. R. C. Matthews' Canadian Cricket team which will tour southern England this summer, in an effort to approximate the strength of the visiting squad. Fifteen players, of an average age of 25, arrive in London June 27 and make up the most representative, as well as the most youthful, Canadian team ever to play on Old Country fields. Its prowess known to only a few on this side of the Atlantic, the team is regarded as a strong one and likely to acquit itself with great credit when it has overcome the twin obstacles of turf wickets and the new leg-before-wicket rule.

Mr. Matthews' guests will play 15 games in six weeks during July and August, with the most important fixture scheduled for Lord's, famous London home of Middlesex County Cricket Club, when they oppose an M.C.C. team. Free Foresters, Incogniti and Grasshoppers, English clubs of high standing, will be met, as well as Rugby Harrow and Eton, the great public schools. Not the least interesting match on the card will be that against an eleven of the Earl of Bessborough, former Governor-General of Canada, at his Hampshire seat, Stansted Park.

Altogether the list provides formidable opposition for the Canadians, the first senior team to visit England for 14 years. But with youth on their side, it is expected the players will quickly adapt themselves to English conditions. The change from matting wickets to turf is the greatest obstacle to be overcome while the difference between the slow pitches in this country and the hard sun-baked grounds of the Dominion is also very marked. To offset this Mr. Matthews has arranged for 10 days of practice at Lord's, The Oval and at Hampstead Cricket Club before his team clashes with Rugby School in the initial match July 11. In addition the Canadians will get in some practice on the turf wicket of the Toronto Cricket Club before sailing from Montreal June 19.

The visitors will also be called upon to familiarize themselves with the new leg-before-wicket rule which so far has not been adopted in Canada. This will be a very real handicap. The hope was expressed by William Findlay, M.C.C. secretary, that the team would be able to play under the new rule, now in general use in England, and the former Minister of National Revenue readily agreed.

Mahmoud covered the course in record time of two minutes, thirty-three and four-fifths seconds. Pay Up finished fourth.

United States drew forty-four percent of the horses in the Irish Hospitals Sweepstake on the Derby. Great Britain took some thirty percent with the rest of the prizes going to other countries in lesser proportions. Fifty-seven Canadians drew prizes.

second goal with a shot that gave Vink no chance.

On the whole the Legion was very lucky to win as it was on the defence most of the game. The kid forward line of the Legion worked hard and will make a dangerous attacking force with a little experience.

Vink kept a good goal. Moe, Calderoni and D. Gomez were good in defence and the whole forward line showed promise, but lacked the ability to get goals.

Teams—Canadian Legion; Ted Smith; R. Johnstone, W. Murray; Bremner, Sonny Dickens, H. Dickens; Houston, R. Cameron, Crompt, J. O'Neill, Bond.

**Canadian Legion Defeats Dominion Dairy by 2 to 1**

The senior football season got off to a good start last evening when the Canadian Legion won from Dominion Dairy by two goals to nil after an interesting game as the opener in the Stuart Benefit Shield series.

The Dairy pressed from the start but Henry Dickens made a break-away and, on a pass close in from Cameron, opened the score after ten minutes. The Dairymen continued to press and kept Smith busy but he was very safe. One save from Darrow Gomez from close in prevented the equalizer. Young Bill Murray was a strong defender and Sonny Dickens showed the benefit of experience.

The Dairymen continued to crowd the Legion goal in the second half but were unable to find an opening. Smith had to give a corner from Carroll's shot but the resulting kick was easily cleared. Although the Legion only got outside their own end of the field twice the milkmen could not score and, with half a minute to go, Henry Dickens took a pass from Sonny and went through for the
