**The Age of Youth**

In a recent address a local speaker dwelt upon the idealism of youth and urged older people to step aside and give the younger people a chance. While not presuming in any way to belittle the idealism of the younger members of the community, we suggest that possibly what is needed is for the older people to renew their youth, to keep their minds open to the idealism, the frankness, the courage, the optimism and the joy of youth.

These columns have often urged the young men of the day to press forward and take their places with those who are fighting for the betterment of the community and the nation. We still feel that the salvation of the country, if it really needs saving, lies with the young men and women who are growing up. At the same time something must be said for the older men and women who have been mellowed by experience. The danger with the older people is that they may allow the moss to cling to their backs because of lethargy. They become too fearful of new movements and new ideas. They need the prodding of the young men to keep them going, especially in a place like Prince Rupert where we are very much cut off from the active, strenuous life of the larger cities. Usually what is known as successful men are the ones who become the leaders. They have earned for themselves a degree of leisure and have time to devote to public affairs while the younger men have yet to make their mark and earn the respect and confidence of the community.

While we still claim that this is the age of youth, we are gradually coming to the opinion that it is the age of the men who have had experience but have renewed their youth and are able to look on public affairs with the faith, optimism and hopefulness of the young, men who are not afraid of new ideas because they are new but are willing to adjust themselves to the changing conditions of life.

**A New Hospital**

A special grant is being made by the Legislature at the instance of the member for the district, Hon. T. D. Pattullo, toward the erection of a new hospital in Prince Rupert. This is a good beginning. The hospital board already has the nucleus of a fund for the same purpose and it is possible that a further grant may be made later if the money is needed, as it undoubtedly will be.

When the Premier was in Prince Rupert, the matter was taken up with him by members of the hospital board and he was very appreciative of the need at that time. While the city has no money for this purpose and cannot borrow unless it might be from the provincial government, it is expected that the money will be raised and that it will be only a short time before the hospital will be erected. The preliminary step was the voting of the amount necessary to commence the work.

**LOCAL RADIO INTERFERENCE**

Editor, Daily News:—  
In regard to complaints by person or persons as to the local station in its broadcast, as causing interference to reception of other stations, especially Sunday evening broadcast. If you don't like to listen to the service on Sunday evening don't blame the local station as it is a credit to the local boys that built it for your enjoyment. And, we, the people of this city, should do our best to help them along in every way possible.

I am only sorry that the Sunday afternoon service is off the air, as it was doing a lot of good.

I listen to my radio as often as anybody and the local station never caused any interference. So more power to our local boys and CFPR.

ONE OF THE PIONEERS.

**LIKES TO HEAR IT**

Editor, Daily News:—  
Having heard Rev. Clarke's remarks at his service on Sunday evening, November 8, regarding the interference of our local station, as they are on the air the same as any other station in any city, the citizens of those cities like to hear their radio station as well as others and if all these stations were closed down by the citizens as our citizens wish ours to be, we would have no radio, therefore their sets would be no good to them. So come, you complainers, get cured of your selfishness and let everybody live and listen.

W. J. THOMAS.

**Had Agonising Pains in Her Back**

Free From Pain Since Taking Kruschen

Like many other sufferers from backache and rheumatic ailments, this woman decided to try Kruschen Salts in a last attempt to obtain relief from pain. To her surprise, the pains did grow less, and in a few months the backache had disappeared. Having made sure of the results, she now writes as follows:—

"For about four months I had agonising pains in my back, and could not turn in bed. During that time I tried various remedies, but obtained no relief, and was seriously considering going into hospital. However, seeing a case similar to mine described in an advertisement for Kruschen, I thought I would try it, and was more than surprised to find the pain getting less. I have been taking Kruschen for four months, and would not be without it for anything. I must say I am free from those dreadful pains."—(Mrs.) B.C.

Kruschen is an excellent diuretic—that is, it helps to stimulate kidney functions. When kidneys are restored to healthy, normal action, poisonous waste is properly eliminated, the blood-stream is purified, and you get welcome relief from the dragging pains of backache.

**RELIEF IS HIS OBJECT**

Premier Hepburn Would Have Federal Government Assume Some of Provincial Burden

TORONTO, Nov. 12: (CP)—Premier Mitchell Hepburn has submitted a plan which he hopes the federal government will accept whereby the Dominion would take over health, labor and agricultural services at present maintained by the province. It would relieve the province of some of its financial burden.

**Pigeons Now Used By Defence Wing**

Birds Have Important Role to Play With Military Forces

HALIFAX, Nov. 12: (CP)—Not only men go under training in flight tests with Canada's defence forces—carrier pigeons have an important role to play. For several months, officials of the Royal Canadian Air Force base at Eastern Passage have been sending consignments of homing pigeons to various parts of the province with the instructions to liberate them at a given time and the flight back is timed and carefully checked.

A flock of 12 were sent to William MacLeod, Canadian National terminal agent at Truro, N.S., the other day by Aircraftman Trelfall.

While a crowd of curious spec-

**WHIFFLETS**

From the Waterfront

Local halibut buyers are not expecting any further arrivals here this season from American vessels. The last Canadian boat to be accounted for was last week. The Margaret I, Capt. George Frita, was in this morning with a catch of some 20,000 pounds of sablefish for Canadian Fish & Cold Storage Co.

A notice to mariners announces that the gas and whistle buoy formerly maintained on the westerly edge of Oval Bank in Hecate Straits has been permanently discontinued. A new gas and whistle buoy has been established in nine-hundred fathoms southward of Grenville Rock. It is a red steel cylindrical gas and whistle buoy showing a flashing red light, the whistle being sounded by the motion of the buoy on the waves.

It was a rather arduous trip which Bishop G. A. Rix had up the Naas River last week for the purpose of visiting the missions at such points as Greenville and Alyanish. The Bishop, who returned to town on Tuesday, while going up river, was aboard a boat which first broke its rudder rope in Gwinsha Canyon and then dropped its propeller. Fortunately, they were able to get into a back eddy and tie up to a rock from where they signalled to a nearby boat for help.

C. N. R. steamer Prince Rupert, Capt. H. E. Nedden, arrived in port on time at 10 o'clock yesterday morning from Vancouver, Powell River and Ocean Falls and sailed at 4 o'clock in the afternoon for Anyox and Stewart whence she will return here this evening southbound. The vessel, which had a stormy voyage up the coast, had but a fair sized list of passengers.

Capt. David K. Birss arrived in the city from Vancouver on the Prince Rupert yesterday to stand by the steamer Prince George which is tied up for the winter at the local dry dock.

Yesterday's stormy weather held the C. P. R. steamer Princess Norah, Capt. William Palmer, southbound from Skagway to Vancouver, at Ketchikan for six hours and it was 10:15 last night before the vessel arrived from the north. She sailed at midnight in continuation of the voyage to Vancouver. On board was a capacity list of 170 passengers consisting largely of Alaskans who have no other means of steamer transportation south, all the American vessels being tied up on account of the maritime workers' strike. Fifteen passengers disembarked from the vessel here including a number who will proceed east by rail. The vessel had no space for passengers from here.

Observers gathered around, the birds were released from their cage, circled through the air until reaching a high altitude and, after locating their bearings, they began flying in a direct line for Halifax, all arriving in fast time.

**Surprise Shower Held Saturday**

Mrs. G. M. Hunt and Mrs. Walter Thompson Hostesses For New Bride

Mrs. G. M. Hunt and Mrs. Walter Thompson were hostesses at a delightful miscellaneous shower at the home of the latter Saturday evening for Mrs. William Lund nee Miss Nellie Johnson.

The rooms were tastefully decorated for the occasion in pink and white. The buffet supper was served from a charming table decorated with pink and silver tapers and centred with a two-tier wedding cake made by Chris Mill Bakery.

The evening was spent in the playing of bridge and games. Prize winners were: Mrs. W. Lund, Mrs. J. Preece, Miss Frances Yager and Mrs. A. Dingwell.

The bride was presented with a beautiful basket decorated in pink and white which contained many beautiful and useful gifts.

The toast to the bride was proposed by Mrs. W. A. McLean and responded to by the bride.

The party came to a close in the wee small hours of the morning.

Those helping to make the shower a success were:

Mrs. A. E. Parlow, Mrs. A. McAllister, Mrs. H. Ward, Mrs. F. N. Good, Mrs. R. Bartlett, Mrs. H. K.

Christensen, Mrs. H. Macey, Mrs. J. Preece, Mrs. P. Rayner, Mrs. J. Campbell, Mrs. W. Lund, Miss Mildred Hunt, Miss Gandy, Miss Frances Yager, Miss Eugina Christensen, Mrs. Pederson, Mrs. E. E. Yager, Mrs. W. W. C. O'Neil, Mrs. W. A. McLean, Mrs. A. Dingwell, Mrs. W. Barton, Mrs. G. M. Hunt, Mrs. Walter Thompson and Miss Margaret Christensen.

**BOY MEETS GIRL?**

LONDON, Oct. Nov. 12: (CP)—A 29-year old London, England, girl, with reddish gold hair, gray-blue eyes and a slim figure seeks a London, Ont., husband, according to a letter received by Mayor Thomas Kingsmill. The mayor promises to forward any communications.

We sell circulation We have it.

**WAKE UP YOUR LIVER BILE—**

And You'll Jump Out of Bed in the Morning Rarin' to Go

The liver should pour out two pounds of fluid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sick, sunk and the world looks pink.

A new bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get those two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of cathartics but have no cathartic or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 2c.

**24 Personal MEASUREMENTS ASSURE PERFECT FIT**

Flawless fit in any clothing must be carefully built-in, step by step. Tip Top Tailors make this perfect fit a "sure thing" by hand-cutting and tailoring your Tip Top Clothes to your own twenty-one personal measurements.

The result is that a Tip Top suit or coat says it has been made for you—and only you. The way the collar hugs your neck, the roll of the lapels, the attractive cut, the smart styling—all speak of measurements carefully taken and skillfully followed.

Don't delay—see the new woolsens and style interpretations. Your unrestricted choice at one standard price.
