ADVISED TO EAT BRAN FOR HER CONSTIPATION

Kellogg's ALL-BRAN Helps Miss Hanson

Read this enthusiastic, voluntary letter: "Just a line to let you know how much I appreciate Kellogg's ALL-BRAN. I was troubled with constipation.* I asked my doctor what to do. He said to eat bran.

"I tried other brands but they weren't so good, so I tried Kellogg's ALL-BRAN, and it is just wonderful. It makes delicious muffins, too." - Miss Agnes Hanson (address upon request).

ALL-BRAN provides mild "bulk" - missing in the average meal. This delicious cereal also furnishes vitamin B and iron.

The "bulk" in ALL-BRAN absorbs moisture, and gently exercises and cleanses the system. It is often more effective than that found in fruits and vegetables, as it does not break down within the body. ALL-BRAN also supplies vitamin B

Isn't this natural food pleasanter than patent medicines? Just eat two tablespoonfuls daily. If not relieved, see your doctor.

Sold by all grocers. ALL-BRAN is much more effective than part-bran products. Made by Kellogg in Lon-

The construction of far better roads throughout the more important areas of the district has also contributed greatly to the general improvement. All in all, the outlook for the Portland Canal region was never more reassuring than it is i at the present time. It looks like; Northern British Columbia may ere long become the lode stone of

There is considerable speculation as to what may be the result of the recent visit of a party of mining men, headed by Charles M. Campbell, veteran British Columbia consulting engineer, to the well known sulphur and copper property up the Ecstall River in which the Granby Co. was at one time interested. Members of the party were completely silent as to the object of their visit and would not be drawn out. The sulphur, it is suggested, might be used in connection with any local pulp and paper mill project.

attraction for the large, exper-

ienced mining companies.

A Vancouver mining engineer, according to reports reaching here, recently visited Hastings Arm near Anyox and spent several days examining the Saddle property which

Shareholders In Movement Near 18,000

ANTIGONISH, N.S., Nov. 12: (CP) -The nearly 18,000 share-partner-

Partners in the credit unions hemselves number 12,000, the Bulletin says. In addition 5,480 others are partners in consumers' societies, including the Britishhere are 535 partners in fish coperatives.

"It might be called small. It should be small. It is for poor reople. Its growth must be slow. of There is no boom psychology, no inflated prosperity in co-operation. It undertakes improved economic conduct from the bottom. Haste would destroy it. Growth in good hings is slow and steady that it nay endure," the Bulletin says.

For Bronchitis, Coughs, Colds Just a Few Sips And
