DEER HAS RECOVERED

Animal Which Was Nearly Frozen To Death Transferred to Fuel Shed at Port Essington

PORT ESSINGTON, March 2.—The big buck deer, which was rescued recently in a half frozen condition from floating ice on the

Skeena River near here, has completely recovered from the experience and has become so lively that it has been found necessary to move it from the cooler of the butcher shop to Stewart Donaldson's fuel shed.

The animal is to be taken over by the game department and is expected to be placed on Porcher Island.

Dr. Weir's Proposed Measure is Rank Class Discrimination

To the Well-to-Do It Says:

"You fortunates earning over one hundred and fifty dollars a month may take hospitalization or not, employ a doctor or not; if you are a Christian Scientist or a patient of a chiropractor—you need not pay for services you would not use."

To the Indigent and Unemployed It Says:

"Stand aside! You don't contribute so the health measure has nothing for you."

To Everyone Earning \$150 a Month or Less It Says:

"You will take medical doctors and hospitalization and like it. If you are a Christian Scientist or a chiropractic patient, O.K., but you'll pay for doctors and drugs anyway. This has never been tried yet on the American Continent—we're going to experiment at somebody's expense—and you have been chosen."

WHIFFLETS
From the Waterfront

Union steamer Cardena, Capt. James Findlay, arrived in port at 6:30 last evening from the south and sailed at 8 p.m. for Stewart, Anyox and other northern points whence she will return here tomorrow morning to sail at 1:30 in the afternoon for Vancouver and waypoints.

Tom Dbyhavn arrived in port Saturday from Vancouver, where he has been spending the winter, coming north with his halibut boat and troller Palander. He had in tow the 30 foot boat Partner which has been purchased by Dr. H. O. Johnsen of this city from J. A. Rankin of Vancouver. Dr. Johnsen is taking a berth at the floats of the Prince Rupert Rowing & Yacht Club for the mooring of his new boat.

Taking Inspector John A. Fraser north on an inspection trip, the provincial police cruiser P.M.L. 8 left at 1 o'clock this afternoon for Stewart, Anyox and Alice Arm. Return to port is expected to be made on Friday.

SPY STORY ON SCREEN

"Rendezvous" Provides Gripping Mystery at Capitol—Annette's Spring Fashion Show Also

A dramatic story of the famous American Black Chamber, the institution which was brought into being during the World War in the United States to engage in the scientific business of spy catching, is brought to the screen in "Rendezvous" which comes to the Capitol Theatre here at the first of this week. William Powell, who has the leading part, depicts the career of Major Herbert O. Yardley who elevated the counter-espionage service of the United States from a hick detective agency to the most scientific institution of its kind in the world. As a young army lieutenant who craves bloodshed on the battlefields of Europe, he is yanked off of a troopship and thrust into a swivel chair job at Washington. What transpires thereafter provides mystery of the gripping type—the adventures of a young cryptographer who tracks down a ring of notorious enemy spies at the expense of losing the woman he loves, Rosalind Russell. Binnie Barnes, English actress, also has an important part and other members of the cast include Cesar Romero, Lionel Atwill and Henry Stephenson.

Annette's spring fashion revue between shows is also an attraction on tonight's Capitol Theatre program.

Pacific Milk Every Day

We have a letter from a lady who says Pacific Milk is used every day in their home. In some letters the writers say Pacific Milk had been used for years, in other letters that Pacific Milk had been used for a definite number of years and the number is given. This patron says "every day." Any way at all in which a patron says a family or an individual is a constant user is appreciated.
