Infuse six heaping teaspoons of Salada Black Tea in a pint of fresh boiling water. After six minutes strain liquid into two-quart container. While hot, add /2 cups of granulated sugar and the juice of 2 lemons. Stir well until sugar is dissolved, fill container with cold water. Do not allow tea to cool before adding the cold water, otherwise liquid will become cloudy. Serve with chipped ice.

GENERATIONS

OF BABIES HAVE THRIVED ON BORDEN MILKS

... never surpassed in quality!

For seventy-nine years, Borden's have gone quietly on their way, pioneering better milk for babies. During four generations, millions of babies, under conditions of normal upbringing, have thrived on milk produced by Borden's.

All the experience of these years of leadership goes into making Borden's St. Charles the safest, purest milk possible. Made in Canada since 1899, it has never been surpassed in quality. Its purity and freshness are guarded by the most rigid tests in all the dairy industry.

Borden's St. Charles Milk is exceptionally rich in the elements that build vigorous health for your baby. It not only contains the nourishment baby's growing body needs-it is more digestible. And its ability to build sound bones, and strong teeth, is increased by Irradiation for Extra Sunshine Vitamin D.

> Mothers: Ask your doctor about Borden's St. Charles Irradiated Evaporated Milk for infant feeding. Use according to his directions.
