The writer of the article in question seems to have had no thought for the welfare of the people of the Peace or of Prince George. That is of no moment. Vancouver is the only thing that counts. There was no suggestion that it might be better for the Peace River to connect up with its Interesting Display of Activities At natural outlet, Prince Rupert. There was no proposal that the government might do well to connect up Prince Rupert with the Peace both by highway and by railway so as to develop Vancouver's "Northern Empire." That would at Acropolis Hill centre last evenot be sufficiently direct.

Uphold Britain in Olympic Mile

Stanley J. Wooderson (right) is pictured as he won the mile in the British A. A. A. championships at White City on July 11. Wooderson beat Jack Lovelock (shown), famous New Zealand miler, who once cleaned up the pick of the United States. It is logical to suppose that Wooderson will be the greatest threat to those with Olympic aspirations in the mile run. He has always been able to beat smiling Jack Lovelock even though the New Zealand flash is conceded the faster runner.

"I'm an epicure and a dietitian rolled into one. I know how folks love tasty, full-flavoured meats and vegetables. And I know how good they are for them. So, I see to it that every last bit of goodness is retained in every dish I cook. YOU don't have to fuss about it. Just snap my switch and leave me to my work. My cooking heat is always ready, always right, always even: so you don't have to tie yourself down to the kitchen: nor do you have any soot or ashes to contend with. And, talking about savings, don't forget that the kind of meals I cook go much farther. They have more nourishment in them because juices don't evaporate and meats shrink very little in my oven."
