## HOW HONEST ARE WE?

We all know that nations are not honest with each woman. Eleven times she peneother. They deceive each other and look upon it as diplo-trated the enemy lines without dematic cleverness. In business the same thing is done. "Let the customer beware" is still the motto of many business able reports. She had her hair cut houses. Deception is rife in some departments of most businesses.

# BEARS ARE

Are Actually Becoming Nuisance, Particularly Around Settlement Of Sandspit

Bears are very plentiful on the Queen Charlotte Islands this year, particularly around Sandspit.

A correspondent of the Daily News writes that J. Mathers, Sandpit farmer, recently saw four bears at once prowling around the beach near his home. He became curious and took his axe with him to see what was going on. When he got to the beach he found that the bears were trying to keep a large sea lion from getting back into the water. Mr. Mathers dispatched the sea lion with his axe.

A little later more bears were seen at the same place so Miss Mary Mathers, teacher of the Skidegate school, who was at home at the time, took her rifle and shot two of them so as to drive the res laway.
