AND YOU MAKE SO MISTAKE WITH ST. CHARLES

POOR MISS JONES has just trumped her partner's ace, and the Major wishes he could annihilate her with that savage glare!

But he will recover his good humour completely when she serves her guests with coffee made deliciously creamy and smooth with St. Charles Milk. When the Major discovers how very good it is, he will agree that she makes no mistake with St. Charles.

She may not know much about cards, but she bas learned that St. Charles is always trumps! Its rich creamy flavour makes coffee or tea taste better, and it's wonderful in any kind of milk recipe as well. And no wonder! St. Charles is the freshest whole country milk, evaporated to double richness . . . so of course it makes your favourite dishes just twice as tempting . . . and, too, it is irradiated for extra Sunshine Vitamin D.

Tell your grocer you must have St. Charles Milk, the kind with the "Gold Cow" on the blue and white label.
