MOTHER OF ENGLAND'S QUADS SEES THEM FOR FIRST TIME

Residents of St. Neots, England, a little foundry town, are as proud of the Miles quadruplets, recently arrived, as Canada is of the Dionne quintuplets. Mrs. Doris Miles, mother of the infants, is pictured here meeting her offspring formally for the first time, one month after their birth. She had to wear a germ-proof mask to enter the babies' nursery, and that rule will be followed in all cases. Dr. Harrison, who served at their birth, and is now watchi r their progress, is supervising the infants much in the same manner as did Dr. Dafoe with the Dionne five.
