Synopsis of Land Act
PRE-EMPTIONS
VACANT, unreserved, surveyed Crown lands may be pre-empted by British subjects over 18 years of age, and by aliens on declaring intention to become British subjects, conditional upon residence, occupation and improvement.
Full information concerning pre-emption is given in Bulletin No. 1, Land Series, "How to Pre-empt Land," copies of which can be obtained free of charge by addressing the Department of Lands, Victoria, B.C.; Bureau of Provincial Information, Victoria, or any Government Agent.
Records will be granted covering only land suitable for agricultural purposes within reasonable distance of road, school and marketing facilities and which is not timberland, i.e., carrying over 5,000 board feet per acre east of the Coast Range and 8,000 feet per acre west of that range.
Applications for pre-emption are to be addressed to the Land Commissioner of the Land Recording Division in which the land applied for is situated, on printed forms obtained from the Commissioner.
Pre-emption must be occupied for five years and improvements made to value of \$10 per acre, including clearing and cultivating at least five acres, before a Crown Grant can be received.
Records carrying part time conditions of occupation are also granted.
PURCHASE OR LEASE
Applications are received for purchase of vacant and unreserved Crown lands, not being timberland, for agricultural purposes. Minimum price of first-class (arable) land is \$5 per acre, and second-class (grazing) land, \$2.50 per acre. Further information is given in Bulletin No. 10, Land Series, "Purchase and Lease of Crown Lands."
As a partial relief measure, reverted lands may be acquired by purchase in ten equal instalments, with the first payment suspended for two years, provided taxes are paid when due and improvements are made during the first two years of not less than 10% of the appraised value.
Mill, factory or industrial sites on timber land, not exceeding 40 acres, may be purchased or leased, the conditions including payment of stumpage.
Unsurveyed areas, not exceeding 20 acres, may be leased as homesteads, conditional upon a dwelling being erected in the first year, title being obtained after residence and improvement conditions are fulfilled and land has been surveyed.
For grazing and industrial sites on areas not exceeding 640 acres may be leased by one person or a company.
Under the Grazing Act the Province is divided into grazing districts and the range administered under grazing regulations amended from time to time to meet varying conditions. Annual grazing permits are issued based on certain monthly rates per head of stock. Priority in grazing privileges is given to resident stock owners. Stock-owners may form associations for range management. Free or partially free permits available for settlers, campers and travellers, up to ten head.

From the Waterfront
Many Cohoes Caught by Trollers But Gillnetters Getting Few—New Steamer Being Built On Yukon.

From the trolling grounds around the mouth of Portland Inlet come reports of one of the biggest coho runs in years. With 6c a pound being paid for the fish, it is said that the boats are averaging \$20 per day while some are making as high as \$40. A marked falling off in the coho run is reported from the Skeena River today with gillnet boats averaging only 6 or 7 fish. Fishing would be better for cohoes if the weather were duller instead of so bright, it is said.

St. John and Mr. and Mrs. Frank Lipscomb and on the Chalice Mr. and Mrs. Charles Boynton. Also here at the week-end was the John Barry of Seattle with M. Spears and party on board, arriving from Alaska Saturday evening and leaving this morning.

Southbound after her first voyage of the season on the Alaska route, C. N. R. steamer Prince Rupert, Capt. Neil McLean, arrived in port at 9 o'clock this morning from Skagway and sailed at 3 o'clock this afternoon for Vancouver via Ocean Falls and Powell River. The plaudits of millions of film-goers were nothing to the thrill Shirley Temple experienced on a recent holiday visit at Victoria when she caught her first salmon at Brentwood. "My arm is getting kind of sore now," she admitted after landing the 11-pound fish. The only thing she didn't like was watching the fish being killed.

Effective next week the fall schedule of Canadian National Steamships, giving weekly sailings between Prince Rupert and Vancouver, will go into effect. The steamer Prince Rupert will leave Vancouver on Monday evenings at 9 o'clock, calling at Powell River and Ocean Falls, and arrive here at 10 o'clock Wednesday mornings. NEW CHILD STAR HERE

Bobby Breen, Sensational Young Vocalist, Featured in "Let's Sing Again"

Starring the sensational child vocalist, eight-year old Bobby Breen, well known on the radio but whose first picture it is, "Let's Sing Again" comes to the Capitol Theatre screen here at the first of this week as the first feature of a special Carnival Week billing list which culminates in a four-day run on Wednesday of "Rose Marie" with Jeanette MacDonald and Nelson Eddy.

Bobby Breen shows in "Let's Sing Again" that he not only possesses a golden voice but that he is also a splendid little actor in addition to his young star. "Let's Sing Again" has other exciting features to offer. Henry Armetta, the Italian comedian, gives one of his funniest performances. George Houston, young American opera and stage star, is prominently cast as well as Vivienne Osborne, Grant Withers and other favorites. The story is filled with laughter and an undertone of pathos and emotion. The drama of the runaway orphan who attaches himself to a travelling tent show and is befriended by a broken down opera star ends in a pulsating climax.

Also featured on the first of the week program is "The First Baby," an uproarious romance of two kids with a brand-new baby and a bad case of in-law trouble. Johnny Downs, Shirley Deane, Dixie Dunbar, Jane Darwell, Marjorie Gatenon and Gene Lockhart are the principal members of the cast.
