Total, 15. criticism if she had been defeated in war and much of The league standings to date: her territory lost.

When Russia arms she is doing so only in self-defence. When Britain arms she is simply arousing her neighbors to increase their armaments. All depends upon where the sympathies lie.

### AN AMERICAN BLOC

As an offset to the somewhat aggressive policy of Japan President Roosevelt is trying to arrange what is to be known as an all-America peace conference with a view to permanently outlawing war in the Americas. While there is no suggestion of this being a defensive alliance, it may easily become that, once there is an established alliance between the American countries. The chief objection to it is the fact that in some of the American countries there is a considerable Japanese population and it is thought that in case of trouble between countries on this side of the Pacific and the people on the other, these settlers would Rangers-Bluebirds side with the Orient.
