### THESE FACTS ABOUT BRAN HAVE BEEN PROVED BY TESTS

Supplies Gently Acting "Bulk" to Aid Regular Habits

Now and then, in talking with your friends, the subject of bran has come up. So that real facts might replace unsupported opinions, the Kellogg Company has aided for some years research in leading nutrition laboratories.

Studies made on a group of healthy women showed that two tablespoonfuls of bran daily contimued to relieve constipation\* over a period of months. How different from cathartics-where dosage often must be increased.

Another series of tests on men in dicated that, with some people, the "bulk" in bran was much more effective than that found in fruits and vegetables. Further tests showed that Kel-

logg's ALL-BRAN provided vitamin B and iron as well as "bulk." This "bulk" absorbs moisture, and gently exercises and cleanses the system - the right way to correct constipation.

Serve ALL-BRAN regularly for regularity. Either as a cereal, with milk or cream, or in cooked dishes. it is a natural laxative food. Sold by all grocers. Made by Kellogg in London, Ontario.

\*Constipution due to insufficient "bulk"
