### Peace River to Coast

The chamber of commerce last night decided to refer to the Associated Boards of Trade a communication from the Monkman Pass Highway Association asking for support for their proposal to build a highway to Hansard. That body is representative of the whole country from Prince Rupert to McBride and Quesnel and is better capable of dealing with it than any other.

There are at present two highway proposals. One is already commenced and is well under way. That is the highway from Vanderhoof by Fort St. James to Manson Creek and Finley Forks to Fort St. John in the Peace River Block. It opens up a valuable mining country and also taps the Peace River Block which is in British Columbia. The other proposal is to connect the Alberta section; of the Peace River country with British Columbia by way of the proposed Monkman Pass Highway from Beaver Lodge to Hansard. Most of the highway passes through a new company operating in Ger- Mrs. Annette Woods is Honored British Columbia territory but it gives an outlet chiefly mansen creek. to the southern or Grande Prairie section of the Peace Frank F. ### Not Competitive Routes

The two highway proposals are not competitive. Both a few men working near Vital League, was in the chair and will probably be required but it is largely a matter of pre-creek. cedence.
