WHIFFLETS

From the Waterfront

According to the balance sheet of the Prince Rupert Fishermen's Co-operative Association which has just been made public, gross fish sales of the Association for the year 1936 amounted to \$152,630.01. The net surplus for the year amounted to \$1,698.40. Sigmund Einstoss, the sales agent for the Association, received \$7,481.67 in commission.

Helped along by the southeast gale, Union steamer Catala, Capt. James Findlay, arrived in port at 5:30 yesterday afternoon from the south, the earliest she has arrived for some time, and sailed at 8 p.m. for Port Simpson, Stewart, Anyox and other northern points whence she is due back here southbound Tuesday morning. The vessel brought north a fair sized list of passengers. On completion of the present voyage, the Catala will be withdrawn from service at Vancouver for annual overhaul, the Cardena taking over her run for a couple of weeks.

Making her first call here since before the Pacific Maritime Workers' strike commenced over three months ago, Northland Transportation Co.'s motorship Norco, Capt. Joyce, arrived in port at 9 o'clock this morning and, after discharging seven carloads of fish for transshipment east over Canadian National Railways, will leave in continuation of her voyage to Seattle.

"Man could direct his ways by plain reason, and support his life by tasteless food; but God has given us wit and flavour and brightness and laughter and perfumers."

And to pursue Sydney Smith's logic: you could use other fuel for heat, but God has given us Albert & McCaffery's coal!

For twenty years, Albert & McCaffery's coal has been the best available. It is the best today. Albert & McCaffery's coal gives you the most heat for the least money. And that's what you want. It is the most economical because—it lasts!
Next time you need coal, just phone 116 or 117 to Albert & McCaffery and order Nanaimo-Wellington for furnace and heater. For the kitchen range, ask for Egg size Balkan Minehead—Alberta soteless. It's trade name is "Inferno"—it's hot! And it lasts, too.
You deserve the best!

SPORT CHAT

The trek of hockey players from Canada to England is by no means ended. English club owners already are making plans for extensive importing from the Dominion for next season. Practically every team in the National League is on the lookout for fresh talent. The promoters have educated the fans on the best brand of amateur hockey available and they now find themselves in the position where they must keep up the standard they have set. The wealthier clubs operating two teams—Wembley, Harringay and Earl's Court—are reported to have scouts in Canada now watching players they may decide to invite to England next season.

It is certain Wembley Lions, now in a great battle with Harringay Racers for the league championship, will present a number of new faces. While they have one of the smartest clubs in the league, Lions are faced with the fact that some of their veteran players are slowing up and cannot stand the strain of the long season they are called upon to play in England.

Paul Herbert, major-domo of hockey at Wembley's Empire Pool, is already getting a line on a few players in Canada. Primarily, he is on the lookout for a spare goalkeeper. At present Lions have no one they can use if the brilliant Roy Musgrave of Winnipeg is injured. Then too, the defence needs a little added strength. Big Cam Shewan, member of the Winnipeg Monarchs when that club toured Europe in 1932, has been a big disappointment.

Herbert feels that he needs another couple of fast wing men for his front lines, while Albert and Tony Lemay, the flying Frenchmen from Winnipeg, are talking about hanging up their sticks for good at the end of this season. The brothers may be serious in their statement and, if they are, Lions will be in a tough spot for they would be hard men to replace. As for the two Harringay clubs, the Rovers and Greyhounds should go even better next season than this, although Percy Nicklin, manager of the Harringay rink and coach of the two clubs, feels there are one or two spots on the teams needing bolstering. Earl's Court has a real problem to face. Rangers definitely need repairs if they hope to get anywhere next season. This may be simplified if Earl's Court Royals pass out of existence. Rangers of course, would take the best players on the Royals' team.

If the Royals still operate next season, Fred Summerhayes, the man behind the Earl's Court rink, will import extensively from Canada. At present, Earl's Court rink is not a paying concern as far as hockey goes. With the Royals on the bottom of the league, the rink is empty nearly every time that club plays, while the Rangers do not draw exceptionally well even though they are right in the running for the league title.

GIRL STAR CANADIAN

Deanna Durbin, Born in Winnipeg, Featured in "Three Smart Girls" at Capitol

Featuring Deanna Durbin, 13-year old Winnipeg-born girl, who has achieved considerable note as a singer on Eddie Cantor's radio programs, the comedy drama "Three Smart Girls" comes to the screen of the Capitol Theatre as the feature offering at the first of this week. The picture sets forth the hilarious adventures of three young girls intent on saving their father from an international fortune hunting beauty who wants to marry him for his wealth. A triple romance is woven into the narrative. The dialogue is brightly amusing and the song numbers are intriguing. The cast, besides the Durbin girl, includes Binnie Barnes, Alice Brady, Ray Milland, Barbara Read, Charles Winninger, Nan Gray, John King and Mischa Auer.

Romance, comedy and adventure are delightfully blended in "Don't Get Personal," the other end of the double bill program. James Dunn and Sally Eilers, both favorites, are starred. The picture reveals a cross-section of America on a motor trip and is interspersed with smart dialogue and song hits.
