CONDITION IN THE MEDITERRANEAN

The condition of affairs in the Mediterranean Sea where piracy has been common of late, is one that cannot long be tolerated by the nations of Europe. It is the direct result of the struggle in Spain and the sympathy and help given by various European countries. As soon as the Spanish civil war ends it is probable that these piratical raids will also end.

Get Back New Youth, Energy, Vitality

Too many men to-day feel tired out all the time -can't work, hate to get up mornings, haven't the vitality to do the things they used to do. She was out all day ... but her ELECTRIC RANGE had Dinner ready at Six!

"There are so many things to do these fine Fall days," writes a modern young housewife, "and I simply would not be able to get them all done without my electric range. I place the dinner in the oven, set the controls, and forget about it till dinner time. And the most amazing part of it all is the low cost of operation. Electricity for my range costs less than I used to pay for wood. My entire bill, including lighting, refrigerator, iron, toaster, washing machine, vacuum cleaner AND cooking is usually around \$4.00 a month. No, indeed, I'd never go back to the old way of cooking - even if electricity cost twice as much!"

Let us tell you how you too, can enjoy this cheap, fast method of cooking. A small down payment will install a range in your kitchen. Balance on easy terms.
