It Is The Trained Man or Woman
Who Rises to the Top of the Ladder!

To fit your son or daughter for a business career you must give them a business training. The best place to send them to is the:

Nanaimo Business College

It is the nearest business college to Prince Rupert. Its fees are within reach of everyone. Its tuition is personal, and develops the individuality of the pupil. Room and board is cheap in Nanaimo. The pupils are away from the distractions of the larger cities.

Our shorthand course includes tuition in The Ben Pitman System of Shorthand Business English and Letter Writing Commercial Arithmetic Office Routine Spelling Typewriting Penmanship

It May Mean all the Difference Between Success and Failure to You

Ask at Daily News for our booklet teaching how to write shorthand

THE NANAIMO BUSINESS COLLEGE

C. E. Perry, Principal Nanaimo, B.C.

FIRST: "CATCH YOUR PRINTER"

DIRECTIONS FOR COOKING A HARE: FIRST—"CATCH YOUR HARE"

To produce good printing you must "first catch your printer." You can't get good printing from a poor printer, even if he works with never so good an equipment. If he lacks the "knack," the trained taste, the single-minded fondness for his work which real printers have, he will do poor printing for you. If he has all of these, and in addition to them adequate modern equipment, your printing will have distinction, salesmanship, the lure of type-beauty.

As this office produces good printing you may infer the presence of a good printer—who is "catchable."

= THE COSY CORNER =

DEVOTED PRINCIPALLY TO THE INTERESTS OF WOMEN

This is a little section of the paper, which from day to day will be devoted to subjects of special interest to women. Any and all of the ladies of Prince Rupert are invited to contribute to its columns, and to take part in its discussions. Suggestions and criticisms are invited by the editor. The hope is expressed that "The Cosy Corner" will fill a social need.

"WORRY LINES"

The Bane of the Business Girl—How to Get Rid of Them

Worry lines come before you are aware of their approach. Watch closely for the "experience" lines between the eyes and just over the temples. When a business woman does much thinking she gets these lines, and they are hard to remove. Rub well with cold cream and, if impossible to remove, arrange the hair so it will cover them. Hairpin curls are of great value to the business woman who does not have time to wave her hair or make frequent trips to the hairdresser. These little adjuncts to the coiffure can be pinned in front or on the sides of the face, and give that needed softness to the hair line that is so earnestly sought after by all attractive women.

SUFFRAGETTES ATTEND FIGHT

Just to Show the Equality of the
Sexes They Attended a Boxing
Match—and Liked It, Too.

A few nights ago in New York the Long Acre Athletic club gave a boxing exhibition, the chief feature of which did not centre on the contests between the pugilists so much as in the presence of a large number of women. It was "Suffragette Night" at the club, and there were fully as many women as men present. The women applauded efforts of the pugilists as vigorously as the men, and did not seem at all uneasy over bloody noses and solar plexus "wallops" that occasionally landed a boxer on the floor with a resounding thud.

Mrs. Gus Ruhlman, wife of the prize fighter, was mistress of ceremonies. It had been announced that no suffragettes would be admitted unless accompanied by an escort, but several of the more militant ones came in groups and virtually took the door tenders by storm. The women were given the best seats about the ring-side. One of the suffragettes made

a speech from the ring between the bouts.

MONEY FROM SEWAGE

English Town of Bradford Makes the Garbage Help Pay the Taxes

The city of Bradford, England, is treating 15,000,000 gallons of sewage daily. The grease is extracted, the moisture dried out and the remainder is pressed into cakes for shipping. This material contains about two per cent of nitrogen, small quantities of potash, and sells at \$3 to \$4.50 a ton. The cakes are ground into fertilizer. Some of this sewage cake is to be sent to Florida for growing truck. Bradford is said to be the only place where such work is done. In this country millions of dollars worth of plant food runs to waste through the sewers. At the mouth of the Hudson, including the flow from the Passaic Valley in New Jersey, over \$10,000,000 worth of plant food is wasted annually! No process has yet been devised which would utilize this great waste economically. If this English town has discovered such a process it has conferred a blessing upon humanity.

NICE IN COLD WEATHER

Try This Recipe For Making Some Hot Potato Biscuits

As a good hot bread try potato biscuits. On the preceding evening mix together one pint of flour, two teaspoonfuls of baking powder and one scant teaspoonful of salt, then rub in two large tablespoonfuls of shortening. Pare sufficient potatoes to make one pint when mashed. The next morning boil the potatoes (which may be cut small to cook quickly,) mash and beat until light. Mix them with the prepared flour and add sufficient sweet milk to make a soft dough. Turn on a floured board, roll out an inch thick, cut in rounds, place slightly apart on buttered pans and bake in a quick oven. These are more tender than the plain milk biscuit.
