FRATERNAL OBLIGATIONS

A great many Prince Rupert people belong to fraternal organizations on joining which they made solemn promises which are supposed to be binding upon them for all time. What we are wondering is how often if ever these sacred obligations are remembered. It is not much good joining an organization if the members do not carry out their duties. If all remembered what they promised, the world would be much better than it is today and the people happier.

CARRYING OUT PLAN

Evidently the Chinese generals are carrying out the plan for a fighting retreat which they originally laid down. It was not expected that the Chinese army would be able to withstand the first attacks of the mechanized Japanese and, according to the best authorities, it was planned to gradually retreat until the position of the Japanese invaders became somewhat precarious. If the morale of the army can be sustained, this plan of campaign may possibly prove successful. It seems like a great gain for the Japanese to take Shanghai but it was evidently expected and the wonder is that they were not able to take it sooner. Just where the big stand will be taken only the Chinese leaders know. In the meantime, it must not be taken as an indication that they are beaten because they have retreated a few miles. China is a very large country and the march of Napoleon's army into Moscow must not be forgotten in considering the military situation there today. The danger with these tactics is that the morale of the defenders may be broken before the big engagement takes place.

BE SURE YOU ARE RIGHT THEN GO AHEAD

Premier Pattullo seems to have remembered the old adage "Be sure you are right then go ahead." That is what he did in the case of the bridge over the Fraser River which was opposed with such vehemence by a section of the Vancouver people. Evidently, the opposition was largely of a political nature for now the people of the south are very pleased with the new structure and the opposition of two years ago changed to general approval.

NOT TAKING SIDES

Evidently the British people are not taking sides in the troubles between Arabs and Jews in Palestine. Either side that breaks the law is to be punished. Britain's duty there is to see that the country has a chance to rehabilitate itself and that the people are protected as long as they go about their ordinary duties in a peaceful manner.

OUR TOURIST TRADE

(The nineteenth of a series of articles in the interests of the Museum of Northern B. C.)

By C. G. HAM

Provincial estimates of revenue for 1937 place the basic industries of British Columbia in the following order: lumbering, mining, agriculture, tourist travel and fishing. The sum of \$35,000,000, or one-sixth of the total revenue, comes from tourists as compared with only \$17,500,000 from fishing.

In Prince Rupert, of course, fishing takes first place. Tourist trade comes next. Yet how seldom do we hear it mentioned as having any significance as a municipal asset! How important is this trade to Prince Rupert? Can we improve it? How does it operate? Believe it or not, Prince Rupert is a tourist centre. No place on the coast is more favorably placed or more entitled to benefit. Tourists comprise an important factor in our civic welfare and as a potential source of revenue there is none better.

During the recent season from June to September well over 10,000 people, pleasure bent, passed through Prince Rupert. The majority of them had not less than five hours here, some a day or more. Despite the "all inclusive" tour practically each one put new money into circulation. Their purchases run all the way from hair pins and postage stamps to fur coats and capital stock.

Four thousand visited the plant of the Canadian Fish and Cold Storage Co. Over 2000 registered at the museum.

A few words are necessary in reporting upon tourists and the museum. On many occasions numbers were unable to get in owing to the congested situation and when in were unable to view the exhibits as they would like owing to the crowd. All, however, were interested. Some of the more fortunate ones were enthusiastic in their appreciation leaving no doubt as to the value of the museum as a tourist attraction and the urgent need for more commodious and suitable quarters. In conjunction with this, also our various totem parks came in for no small amount of interest. The possibilities here are enormous and development along this line is exclusive and peculiarly our own.

Making It Attractive

Tourists are travelers. Their main desire is to go as far and see as much as they can within the limits of their purse, their time and the constituted channels of convenient travel. Tourists do not come to Prince Rupert, nor to Vancouver or Victoria or anywhere else for that matter, simply by accident. To benefit as a tourist centre, inducements must be made and managed as such. Early this year representation was made to have certain steamers in port for a longer time. The reply inferred that, when tourists wished for a longer stopover, revisions would be made. At present complaints were received that the existing stops were too long. In other words, more tourist attractions must be developed and existing ones improved.

Splendid work has been done in establishing a garden consciousness among citizens here with excellent results. It is to be hoped that the public generally will become equally enthusiastic in developing the museum and parks into the real tourist attractions they deserve to be. Today in November thousands are still telling of their summer vacation, boosting the high spots they enjoyed most. Such advertising is like the proverbial mustard seed—the ten thousand will become a hundred thousand. Prince Rupert's beautiful gardens, excellent museum and wonderful totem parks may well claim to become the high spots—but it's up to us first of all.

Gordon Drillon Leading League

Highest Point Getter So Far With Charlie Conacher Second

TORONTO, Nov. 17: (CP)—Gordon Drillon of Toronto Maple Leafs leads the National Hockey League point getters this season to date with four goals and four assists, according to the first official summary. His teammate Charlie Conacher is second with five goals and one assist.

PORTLAND, Maine, Nov. 17: (CP)—Two lumber schooners—one Canadian and one American—are racing from Portland to New York for a case of beer and a case of whiskey as a prize.

RANGERS WIN OUT

First Quarter of Ladies' Bowling Ends With Playing of Four Scheduled Fixtures

Rangers continued their winning ways and remained at the top of the Ladies' Bowling League standing last night by defeating Big Sisters two games to one. Annette's moved out into exclusive possession of second place by defeating Knox Hotel two games to one while Merchantettes were downing Our Gang two to one. In the fourth fixture of the evening Blue Birds took a clean sweep three game to nil victory over Telephone Girls to end the first quarter of the second half in fourth place. High average scorer for the evening was Det Ballinger of Rangers with 200.

WAKE UP YOUR LIVER BILE

And You'll Jump Out of Bed in the Morning Rin' to go

The liver should pour out two pounds of liquid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas builds up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sick and the world looks pink. A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of a laxative, but have no calomel or mercury in them. Ask for Carter's Little Liver Pills by name! Stubbornly refuse anything else. 25c.

GIVE YOUTH A CHANCE

Editor, Daily News:
Why is there no skating rink in the city? Surely if all the youth organizations got together and approached Mr. Alder and put the question to him, he would help us out. Why should the youth of our city if they want to skate have to go to different parts of the city? Most of the towns of Prince Rupert's size in British Columbia have skating rinks of their own. Why not Prince Rupert? I am sure if we approached the merchants of the city, they would also help. So give the youth a chance! Who will be the first to give the lead?
V. LEHTO

SKI CLUB GATHERING

William Elkins Elected President For Coming Year—Improvements Being Carried Out

With some twenty-five members present and enthusiasm prevailing at the annual meeting of the Mount Oldfield Ski Club was held last night. The election of officers for the coming year resulted as follows: President, William Elkins; First Vice-President, Tom Fraser; Secretary-Treasurer, Mrs. C. Elkins.
Executive—George Peterson, Eby, Miss Lucille Brookbank, Mrs. Tommy Fraser.
The retiring president, P. MacCallum, who was in the chair, received a vote of thanks for his services.
Improvements are being carried out by the club to the cable to the skiing grounds.
So far there is about four inches of snow on Mount Oldfield and of course is not enough for skiing.
