LIBEL CONVICTION

The conviction of J. H. Unwin, member of the Legislature of Alberta, on a charge of defamatory libel and his sentence to jail for three months, is a very interesting one. He was convicted not for publishing something which was untrue but for publishing something which he knew to be untrue and which held up certain prominent citizens to contempt. The pamphlet on which the charges were based named nine prominent men who were opposed to social credit as "bankers' toadies." One of these men, Senator Griesbach, laid the information upon which sixteen thousand copies of the pamphlets were seized.

Newspapers often make mistakes. That is sometimes the fault of the newspapers but usually the fault of the informants who are in error in their perception or understanding of facts. Some people are all too ready to accept hearsay as fact. It is not a crime to publish something that is untrue provided it is not done with intent to injure and with knowledge that the statement is untrue. In this case, evidently, there is strong political feeling between the Social Credit advocates and those opposed to the system and the pamphlet was published with the object of discrediting those opposed to the Aberhart government, using ridicule.

FOR DROUGHT AREA SUFFERERS

This week canvassers for the drought area sufferers are making the rounds of the city for funds. Already the Rotary and Gyro Clubs and some other organizations have made collections from their members. The cause is a good one and there is every reason to believe that the funds collected will be properly distributed.

REMEDIAL MEASURES NECESSARY

In his budget speech in the Legislature last week Hon. John Hart declared that remedial measures in connection with helief payments were necessary. So heavy had been the drain on the finances of the province that the payments had to be taken from capital expenditures since the inception of the relief system.

The minister emphasized the importance of the matters to the Royal Commission. He said the question involved and the possible decisions entailed consequences vital to the life of the Dominion and the provinces. They involve more than the mere question of dollars and cents as they cover a wide field with respect to our constitutioin, our sociological outlook and economic life.

Maple Leafs Leading International Division and Are Away Out On Top for Scoring Honors

Saturday's Scores

Chicago, 3; Toronto, 7.

Sunday's Scores

TORONTO, Nov. 15: (CP)— In a dazzling game which was featured by terrific speed and clever play Toronto Maple Leafs, Saturday night before twelve thousand fans in the Maple Leaf Gardens, scored a 7 to 3 victory over Chicago Black Hawks. Last night the two teams met again in Chicago and played to a three-all draw.

Saturday's victory keeps the Leafs well out on top in the standing of the international division and their heavy scoring puts them away ahead of all other teams in the National Hockey League as far as goal getting is concerned. With the action fast and furious, penalties were also numerous. No less than eleven were handed out and the Maple Leafs were the principal offenders with Horner and Davidson each being sent to the box three times to cool off.

In the opening period, three goals were made by Toronto and one by Chicago. All three goals for the Maple Leafs were made within two minutes while Johnny Gottselig of the Black Hawks was serving a penalty for boarding. Harvey Jackson made the first on a pass from Drillon; Charlie Conacher, the second with Fowler and Drillon getting credit for the assists, and Drillon the third on Apps' assist. Three seconds before the close of the period Palangio scored for Chicago on a pass from Kendall.

Early in the second period, Chicago appeared to be carrying the play but it was not long before the Maple Leafs were back in full command again. In six minutes Charlie Conacher scored the fourth for the Leafs on Drillon's assist. A minute later Cully Dahlstrom made the second for Hawks unasisted. Midway in the period Jackson scored again just inside the post for the leafs on an assist by Horner and Apps. In a machine-like rush by four Maple Leaf players, Conacher, after six minutes of play in the third period, scored his third goal of the game and the sixth for the Leafs on a pass from Davidson. Mush March made the third for Chicago on a clever passing play with Paul Thomnson and Doc Romnes assisting. The Black Hawks used five forwards in a desperate effort to cut down the lead but it was in vain. With three minutes to go, Nick Metz broke away after a bad Chigaco pass and fired the puck into the net with Kelly getting credit for the assist.

In the third period near the end Doc Romnes, Chicago centre, was badly cut over the mouth and had to have two or thre stitches.

Syl Apps and Pep Kelly starred for the Maple Leafs and Mush March for the Black Hawks.

Canadiens Beat Wings

In Montreal Saturday night the Canadiens came up from behind after trailing the most of the game and won five to two from Detroit Red Wings. Detroit scored the only goal in the first period and at the end of the second the Red Wings were still ahead two to one. A four goal scoring spree in the third period gave the victory to the Flying Frenchmen.

The Red Wings turned the tables with a two to one victory over Canadiens in Detroit last night.

The victory of the Boston Bruins over New York Rangers last night put them in a tie with Chicago Black Hawks for leadership of the American division. Detroit Red Wings are in third place now with the New York Rangers in the fourth spot.

New York Americans defeated Montreal Maroons last night and assumed runner-up position in the international division to Toronto Maple Leafs. The Canadiens are in third place with the Montreal Maroons in the cellar.

Last night was the first occasion so far this season that all eight teams in the National Hockey League were in action at the same time.

The league standings to date are as follows:

British Cars Very Popular

Sell Faster in Australia Than Do Canadian or American Makes

CANBERRA, Aust., Nov. 15: (CP)—British-made automobiles sell faster in Australia than do those imported from Canada or the United States, according to Hon. Thomas White, minister of trade and customs in the federal government.

Mr. White said importers were not importing to the limit of the quota of Canadian and American cars. He commented British vehicles were selling faster after price reductions but that Canadian and American makes now cost $20 to $80 more in Australia.

Drought Relief Response Large

Total of 817 Carloads of Produce Have so Far Been Shipped to Prairies

REGINA, Nov. 15: (CP)—Relief shipments of fruit, vegetables and other products from various parts of Canada to the drought areas of Saskatchewan have totalled 817 cars, it is announced here.

British Columbia has produced minerals of an aggregate value of $1,515,728,149.00.

The gross value of the industry for the first six months of 1937 is estimated to be $36,383,540.00. This is an increase of 53.4% over the value for the corresponding period in 1936.

Indications are that this year's production will exceed that of any previous year in value, which is a splendid commentary upon the stability of the mining industry in this province. New properties are being brought into production, and with the reopening of old properties, mill capacity will be considerably increased over last year.
