WAKE UP YOUR LIVER BILE-

And You'll Jump Out of Bed in the Morning Rarin' to go

The liver should pour out two pounds of figuid bile into your bowels daily. If this bile is not flowing freely, your food doesn't digest. It just decays in the bowels. Gas bloats up your stomach. You get constipated. Harmful poisons go into the body, and you feel sour, sunk and the world looks punk. A mere bowel movement doesn't always get at the cause. You need something that works on the liver as well. It takes those good, old Carter's Little Liver Pills to get these two pounds of bile flowing freely and make you feel "up and up". Harmless and gentle, they make the bile flow freely. They do the work of calomel but have no calomel or mercury in

them. Ask for Carter's Little Liver Pills by

name! Stubbornly refuse anything else. 25c.

To Salmon Trollers

Messrs. Woodsworth and Telford, leaders of the C. C. F. advocate votes for Orientals. How long do you suppose it will be after Japs get the vote before they obtain trollers' licences and dominate trolling as they now do gill-netting? You know Japanese contractors supply Jap labor in a block as required.

Will they not also supply Japanese votes in a block where Japanese interests demand it?

You know that Japan is claiming the right to fish in international waters off British Columbia. What will happen here, if the Japanese have the franchise, when we are called upon to vote on the question of allowing Japanese encroachment upon our fishing grounds?

The white races are not allowed the franchise in Japan. Why should we give the Japs the vote here? Japan admits the races will never mix. You must admit them to be right. Are you prepared to give them equal rights with yourselves in your fishing and fraternal organizations? Will you accept them in your boat crews, in your lodges and in your homes? You must do this if, as Mr. Woodsworth says, we are to assimilate them.

Think this matter over carefully before you vote C. C. F.
