DABIES thrive on Carnation Milk D for these very simple reasons: Carnation has all the food value of pure, whole milk-plus much greater digestibility AND additional vitamin D potency through irradiation with ultra-violet rays.

More and more doctors are advising the feeding of Carnation Milk to infants and growing children. Among the world's famous babies who use Carnation Milk are the Dionne Quintuplets.

This milk, because of its double richness and creamy smoothness, brings a new delight to cereals, fruits, coffee, and to all baking where milk is used.

Write for these Carnation books. "The Contented Baby" is free. The Carnation Cook Book with full-page, full-colour illustrations is 10c. Address Carnation Company Ltd. Abbott St.
