We Have Latest Equipment For

THE "KING" TESTER

The old methods of years gone by are not good enough to keep in shape the high speed motors of today.

In order to render the highest type of service available, we have installed a "KING" Tester for making Motor and Ignition Tests. It is the last word in equipment of this kind and its ability to

ACCURATELY locate trouble is almost uncanny. To obtain the greatest motor efficiency, your car should be checked from time to time. Ignition "leaks" or lack of minor adjustments makes all the difference between sluggish and a PEPPY motor.

Bring your car in and let us show you what we can do. The cost is nominal and in many cases the improved performance is unbelievable. Bring Your Car in TODAY!
