IMMIGRATION TO CANADA

During the past year there has been a certain amount of immigration into Canada, chiefly of people with money! who have purchased farms. Some Swiss people bought! farms at or near Smithers and are said to be very desir- Playgrounds Basketball League a second round game of the Can- Smith, Mrs. J. H. Nordon, Mrs. able settlers.

WAR IN ORIENT

It looks as if there might be a serious war in the Orient unless something happens to stop it immediately. The situation is a difficult one because both nations concerned seem to be spoiling for a fight. China has been concentrating her forces of late and, doubtless, Japan thinks the present is the best time to try to smash her army before it gets too strong.

We have all become so used to China being beaten that we can hardly realize that she might hold her own against any enemy, even against the ferocious little Japanese soldiers. The fatalism of the Japanese is strongly in favor of Japan. They do not know when they are beaten and, have never yet had to retreat from an enemy. On the other hand China is fighting against an invader and a new spirit has come over the people of that country. Evidently she has been holding back until she might concentrate her forces and make a strenuous effort to drive the Japanese out of her country. If fighting continues, it will be very interesting to watch the outcome of the war.

There is also a possibility that Russia might think this an opportune time to press her western enemy just at a time when they are occupied with the Chinese. There have been skirmishes on the frontier and it would not be surprising if she should cross the border and harry the Japanese on that front.
