FIRST: "CATCH YOUR PRINTER"

DIRECTIONS FOR COOKING A HARE:
FIRST—"CATCH YOUR HARE"

To produce good printing you must "first catch your printer." You can't get good printing from a poor printer, even if he work with never so good an equipment. If he lacks the "knack," the trained taste, the single-minded fondness for his work which real printers have, he will do poor printing for you. If he has all of these, and in addition to them adequate modern equipment, your printing will have distinction, salesmanship, the lure of type-beauty.

As this office produces good printing you may infer the presence of a good printer—who is "catchable."
